- Town Manager Smith invited the 603 Brewery to speak to the Council in the ongoing effort to
22 recognize business's that are here in town.
23
 - Geoff Hugh's and Dan Lenard, the two that started the 603 Brewery. Hugh's stated that they have
24 received great support from the Town and business has been tough to keep up with. They are located
25 on Liberty Drive. They do tasting hours but most of their business is production. As of two weeks
26 ago the 603 Brewery is now on tap locally. Hugh's stated that right now they are more focused on
27 the production end of it.
28
29

- 33

- Town Manager Smith handed Hugh's and Lenard a small gift as a thanks for doing business in Londonderry.
- Hampstead Dispatch EMPG discussion and presentation by Chief Darren O'Brien has been postponed due to Chief O'Brien being out.
- Reed Clark, Stonehenge Rd., stated that he does not agree with SB2. Clark stated that having the Deliberative sessions back to back is a lot. Clark stated that they should be spread out a little. Chairman Farrell stated that he appreciates Clark's comments. Farrell stated that they are finding their way through the system and that something new is being tried to see if the Town can get more people to attend. Chairman Farrell stated that people made complaints that Monday night's and work weeks was too much so it is back to trying Saturday morning again. Farrell stated that he agrees with some of Clark's points as well.
- Raymond Cipoletti, 7 Lawson Farm Rd. asked the Council what SB2 was. Chairman Farrell stated that it stands for Senate Bill 2. Councilor Freda stated that NH had Town Meeting form of Government where people would come and vote at a meeting generally on a Saturday and vote to approve the operating budget and various other Articles. They had to be present to vote and they would vote in public. SB2 changed that and now people vote in a regular election like you do for President. The Deliberative Session is the session before the final vote where you can change the articles and propose Amendments.

93 will be no issues with that land being used other than a few trees that need to come down. Smith
94 stated that he was also asked to look into whether they would be encroaching upon the Conservation
