EAC members spoke out for the inclusion of adequate affordable senior housing in Londonderry's Master Plan at Planapalooza events earlier this month. It was noted that while Londonderry's population remained fairly stable at 24,129 between 2000 and 2010, the town showed an 84 % increase in residents over the age of 62.

NH Office of Energy and Planning 2010 census figures indicate Londonderry had:

1699 residents age 55-64

774 65-74

384 75-84

75 85+

At least one resident voiced the growing need in Londonderry for an assisted living facility, a post-hospitalization rehabilitation facility, and a nursing home.
