

## Master Plan Implementation Committee November 18, 2015

**Board Members Present:** Art Rugg, John Vogel, Deb Paul, Tammy Siekmann, Tim Siekmann, Mike Speltz, Ted Combes

**Public Present:** Richard Flier, Mary Tetreau

### **I. Welcome**

- Deb Paul called the meeting to order at 7:02pm

**Spoke about the direction of the board the over hall feel was we had work to do on the following items**

**1. The town common /center creating a clear parameters as to were it is create a list of stake holders for this part of town make a list of easy fixes with little to no cost and the more changeling one with a cost by holding public work shops to gather in put along with the in put from Master Plan meeting to see if it a lines still**

*sub topic mention*

- this was scoop Mack's to the end of school
- the use of \$300,000 Town Common Improvements
- Town Commons and Woodlands
- the trails around this area and getting tralways involved

**2. Advocate agriculture and agratoursim as well as farm markets again a clear defection and in put from stakeholders and community for direction**

**3. Bike paths creating them by working with public works**

**4. Environmental issues working to get new data for base line of air, water, sewer, noise, light and over all safety on intersections. (This was something the board felt was very important due to all the new development)**

**5. Discussed membership and Attendance action was to call everyone and find out who was staying and see how many position were open and post publicly.**

**6. January and February meetings, was to be listening session (vision not a plan) with Heritage Commission, trails sewer and conservation to being this forward in to community wok shops  
meeting ended at 8:40pm**
