 - Issues of over-brimming & manual pick up – Stan to get statistics on these issues
 - Contamination risk – lower
 - Vista Ridge does not begin recycling until June; that will help
 - Newsletter funding – not yet able to. Hopefully next year
 - Agreed to provide signage to Marty of LAFA for ball fields – both metal recycling signs and stickers for the toters
 - Offered to donate gloves & safety glasses to BL (next year)
- We agreed to schedule a separate meeting with the volunteer organizers on May 26 to summarize the BL2010 event. We also want to give them some recognition at a Town Council meeting
- We discussed the state law banning yard waste from landfills
- Next month Janusz will join us to talk about the plans for the Drop Off Center and other issues
