

Approved September 18, 2012

**Class V Roads Study Committee  
Minutes August 21, 2012**

Members Present: C. Jay Smith, Fred Stearns, Mike Smith, Sue MacKenzie,

Jay opened the meeting at 6:10 PM.

1. Develop a cost estimate for the south end of River Road for the purpose of applying for a Hazard Mitigation Grant:

0.5 mile \$75,000 for materials, (stone and fabric),  
3,500 for grinder  
75,000 for trucking and labor  
30,000 for drainage  
\$183,500 without pavement

Bank needs to be stabilized before any road work is done

2. Section of North River Road- Across from Tylor's needs attention, as the road had a hole that went down into the river. (South of Chuck Hallett's) Fred to put up a marker. Committee members need to inspect the area before the next meeting to discuss the urgency and type of repair needed.

3. Will postpone discussion of trucking ordinance until the next meeting.

4. Mike suggested improving the signage on the road before the covered bridge, clarifying the weight limits. (add signs at Route 10/River Road intersection and North Thetford Road/River Road Intersection)

Minutes of the last meeting were approved.

The meeting was adjourned at 7 PM. The next meeting will be Tuesday Sept 4, 2012 at 6 PM.

Respectfully submitted, /s/ Susan MacKenzie
