

15 June 2009

Lyme Energy Committee (LEC) Minutes.

Present: Gary Phetteplace, Becky Lovejoy, Simon Carr, Sue MacKenzie, Carola Lea.

Absent: Matt Brown, Dan O'Hara, Mike Morton.

Resignation

Sue MacKenzie resigned as co-chair. Her resignation was accepted with regret. We expressed gratitude for the time and energy she has given the Committee and the Town. She will remain on the committee and will be Secretary.

Becky will be the new co-chair.

LEC needs one more member

Becky will put a notice on the listserve and in the newsletter, seeking someone who will put time and energy into the energy committee. She will request that anyone interested send a paragraph expressing why he or she would like to serve. She will tell any interested people that they should attend a couple of LEC meetings before making a decision about applying for membership.

Valley Food Council

Carola reported that she and Becky had gone to a meeting of Valley Food and Farm, a sub-committee of Vital Communities. At that meeting the Valley Food Council was formed to research and promote local food use in the Upper Valley.

Local Energy Solutions

Simon and Carola will be going to the conference on 6/20 in Concord, NH

They'll will carpool .

Lyme Country Store

Sue mentioned that JJ Pippin, Pat and Tony's daughter who seems to be sort of in charge of what is happening at the store now, expressed interest in having more local food in the store. Becky thought that LEC could perhaps be helpful to her in lining up contacts, but didn't want to impose.. Sue will speak to JJ.

Respectfully submitted.

Carola Lea
