

Lyme Recreation Commission Meeting Minutes
July 22, 2008
Lyme Center Academy Building
6:00pm

Attendees: Dina Cutting, Tom Yurkosky, Pete Mulvihill, Bob Couture, Kathleen Henriques, Steve Small

Steve reviewed the spring sports financials. The net income for softball, baseball and lacrosse was \$702.50. Play soccer numbers will be reported at the next meeting but all is going well with this program.

Fall soccer: Pete Mulvihill will be the commissioner. Looks to be in good shape for coaches. Sign ups will go out soon. We will be using the John Balch field for fall soccer (see later minutes).

With the postponement of the field project we anticipate the use of John Balch field for soccer 2008, softball and baseball 2009. As long as all goes well with the permitting we will be starting the project in 2009. The contract with Crossroads goes through October of 2009. We will have to re-negotiate this contract for the correct time period.

Followed was a discussion concerning the permitting issues and the delineation of the wet lands. Dina is waiting to hear back from Rod (Pathways) with a time line and estimates for the cost of the wetland delineation.

The Commission reviewed a draft letter to be sent out to the community. This letter was approved and will be copied and sent out this week. A separate letter will go to all the donors asking that they hold off sending their donation checks until next year. Any checks that have been received will be sent back to the donors.
