

Minutes to Lyme Recreation Commission
Chase Beach Sub-Committee
Meeting on
March 10, 2010
Town Offices @ 5:30PM

Approved: April 26, 2010

The sub-committee had a general discussion of its goals and time lines.

- Continuing to work towards a common goal with the Conservation Commission, it was the sense of this sub-committee that the easement for the Chaffee Sanctuary was the best direction to continue in at this time.
- Tom Y will be the Selectmen contact.
- Dina C will be the Conservation Commission contact.
- Pete M will gather additional information on the options of having further testing to the ball field soil and the other lots identified as possibilities for this mitigation portion of the permit.

The Committee will be reporting back to the Recreation Commission at the regular April 26th meeting. It was felt additional meetings should be set on an every other week bases for now.

Because of various schedule conflict a date was not set.

These minutes will be submitted and attached to the next regular Recreation Commission meetings minutes.

Respectfully submitted,

Dina Cutting
