

Town of Lyme
Town Building Committee
December 10th, 2013

Present: Mike Woodard, Don Elder, Richard Vidal, Steve Campbell, Dan O'Hara and Mark Bolinger

Discussion of Highway Garage-

Questions of moisture sensors, make up air and venting w/ some sort of timer were discussed. The question was raised as to whether the new thermostat heights and temperature settings were working. Jury still out as the cold weather had not hit yet. Will keep watch on this to see if it helps alleviate some of the heating/moisture issues.

Motion by Don to replace 2 storm windows @ LCAB approved- Richard to bring this to the Select board
Motion by Don to have a programmable thermostat installed @ LCAB- approved Richard to bring this to the Select board.

Library Tech Mar is in process

Dina's report on generator was read and all look forward to the grant going ahead and thank you for her diligence.

Meeting adjourned @ 8:50AM.

Next meeting February 11th 2014 @ 8:00AM.

Mike Woodard
