VILLAGE OF MAMARONECK INVESTMENT POLICY
CHAPTER 37

[HISTORY: Adopted by the Board of Trustees of the Village of Mamaroneck 12-4-2006.
Editor's Note: This resolution superseded former Ch. 37, Investment Policy, adopted 12-5-2005.
Amendments noted where applicable.]

§ 37-1 Scope.

This Investment Policy applies to all moneys and other financial resources available for investment on its own behalf or on behalf of any other entity or individual.

§ 37-2 Objectives.

The primary objectives of the local government's investment activities are, in priority order:

- A. To conform with all applicable federal, state and other legal requirements.
- B. To adequately safeguard principal.
- C. To provide sufficient liquidity to meet all operating requirements.
- D. To obtain a reasonable rate of return.

§ 37-3 Delegation of authority.

The governing board's responsibility for administration of the investment program is delegated to the Clerk-Treasurer, who shall establish written procedures for the operation of the investment program consistent with these investment guidelines. Such procedures shall include an adequate internal control structure to provide a satisfactory level of accountability based on a database or records incorporating description and amounts of investments, transaction dates and other relevant information and regulate the activities of subordinate employees.

§ 37-4 Prudence.

- A. All participants in the investment process shall seek to act responsibly as custodians of the public trust and shall avoid any transaction that might impair public confidence in the Village of Mamaroneck to govern effectively.
- B. Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the safety of the principal as well as the probable income to be derived.
- C. All participants involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions.

§ 37-5 Diversification.

It is the policy of the Village of Mamaroneck to diversify its deposits and investments by financial institution, by investment instrument and by maturity scheduling.

§ 37-6 Internal controls.

- A. It is the policy of the Village of Mamaroneck for all moneys collected and deposited by any officer or employee of the government to report those funds to the Clerk-Treasurer within three days of deposit or within the time period specified by law, whichever is shorter.

- B. The Clerk-Treasurer is responsible for establishing and maintaining an internal control structure to provide reasonable, but not absolute, assurance that deposits and investments are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization and recorded properly and are managed in compliance with applicable laws and regulations.

§ 37-7 Designation of depositories.

The banks and trust companies authorized for the deposit of moneys up to the maximum amounts are:

Depository Name	Maximum Amount	Officer
JP Morgan Chase Bank	\$20,000,000	John Gardell
Hudson Valley Bank	\$5,000,000	Rose Silvestro
TD Bank	\$1,000,000	Caren Roeder

§ 37-8 Collateralizing of deposits.

In accordance with the provisions of General Municipal Law § 10, all deposits of the Village of Mamaroneck, including certificates of deposit and special time deposits, in excess of the amount insured under the provisions of the Federal Deposit Insurance Act shall be secured:

- A. By a pledge of eligible securities with an aggregate market value as provided by General Municipal Law § 10, equal to the aggregate amount of deposits from the categories designated in Appendix A to the policy.
Editor's Note: Appendix A is on file in the Village offices.
- B. By an eligible irrevocable letter of credit issued by a qualified bank other than the bank with the deposits in favor of the government for a term not to exceed 90 days with an aggregate value equal to 140% of the aggregate amount of deposits and the agreed-upon interest, if any. A qualified bank is one whose commercial paper and other unsecured short-term debt obligations are rated in one of the three highest rating categories by at least one nationally recognized statistical rating organization or by a bank that is in compliance with applicable federal minimum risk-based capital requirements. Excluded from eligible securities for collateralization are letters of credit issued by the Federal Home Loan Bank.
- C. By an eligible surety bond payable to the government for an amount at least equal to 100% of the aggregate amount of deposits and the agreed-upon interest, if any, executed by an insurance company authorized to do business in New York State, whose claims-paying ability is rated in the highest rating category by at least two nationally recognized statistical rating organizations.

§ 37-9 Safekeeping and collateralization.

- A. Eligible securities used for collateralizing deposits shall be held by the designated depository and/or a third-party bank or trust company subject to security and custodial agreements.
- B. The security agreement shall provide that eligible securities are being pledged to secure local government deposits together with agreed-upon interest, if any, and any costs or expenses arising out of the collection of such deposits upon default. It shall also provide the conditions under which the securities may be sold, presented for payment, substituted or released and the events which will enable the local government to exercise its rights against the pledged securities. In the event that the securities are not registered or inscribed in the name of the local government, such securities shall be delivered in a form suitable for transfer or with an assignment in blank to the Village of Mamaroneck or its custodial bank.
- C. The custodial agreement shall provide that securities held by the bank or trust company, or agent of and custodian for the local government, will be kept separate and apart from the general assets of the custodial bank or trust company and will not, in any circumstances, be commingled with or become part of the backing for any other deposits or other liabilities. The agreement should also describe that the custodian shall confirm the receipt, substitution or release of the securities. The agreement shall provide for the

frequency of revaluation of eligible securities and for the substitution of securities when a change in the rating of a security may cause ineligibility. Such agreement shall include all provisions necessary to provide the local government a perfected interest in the securities.

- D. Agostino A. Fusco, Clerk-Treasurer, is hereby authorized to execute the Third-Party Custodian Agreement and that he be named as "authorized persons" as the term applies to the Third-Party Custodian Agreement.

§ 37-10 Permitted investments.

B. All investment obligations shall be payable or redeemable at the option of the Village of Mamaroneck within such times as the proceeds will be needed to meet expenditures for purposes for which the moneys were provided and, in the case of obligations purchased with the proceeds of bonds or notes, shall be payable or redeemable at the option of the Village of Mamaroneck within two years of the date of purchase.

§ 37-11 Authorized financial Institutions and dealers.

The Village of Mamaroneck shall maintain a list of financial institutions and dealers approved for investment purposes and establish appropriate limits to the amount of investments which can be made with each financial institution or dealer. All financial institutions with which the local government conducts business must be creditworthy. Banks shall provide their most recent Consolidated Report of Condition (Call Report) at the request of the Village of Mamaroneck. Security dealers not affiliated with a bank shall be required to be classified as reporting dealers affiliated with the New York Federal Reserve Bank, as primary dealers. - (3) By utilizing an ongoing investment program with an authorized trading partner pursuant to a

contract authorized by the governing board.

B. All purchased obligations, unless registered or inscribed in the name of the local government, shall be purchased through, delivered to and held in the custody of a bank or trust company. Such obligation shall be purchased, sold or presented for redemption or payment by such bank or trust company only in accordance with prior written authorization from the officer authorized to make the investment. All such transactions shall be confirmed in writing to the Village of Mamaroneck by the bank or trust company. Any obligation held in the custody of a bank or trust company shall be held pursuant to a written custodial agreement as described in General Municipal Law § 10.

C. The custodial agreement shall provide that securities held by the bank or trust company, as agent of and custodian for the local government, will be kept separate and apart from the general assets of the custodial bank or trust company and will not, in any circumstances, be commingled with or become part of the backing for any other deposit or other liabilities. NOW, THEREFORE, BE IT RESOLVED, that the following Procurement Policy as updated and amended is hereby continued in effect for the Village of Mamaroneck as contained in Chapter 61 of the Village Code:

Ayes: Bermudez, Miller, Potok, Santoro, Rosenblum

[HISTORY: Adopted by the Board of Trustees of the Village of Mamaroneck 12-14-2009. Editor's Note: This resolution also superseded former Ch. 61, Procurement Policy, adopted 1-13-1992, as amended.

Code of Ethics — See Ch. 21.

Records retention — See Ch. 62.

§ 61-1 Legislative intent.

The Village of Mamaroneck does hereby adopt the following procurement policy which is intended to apply to all goods and services which are not required by law to be publicly bid.

§ 61-2 Review of purchases; documentation of purchases not subject to competitive bidding.

A. Every purchase to be made must be initially reviewed to determine whether it is a purchase contract or a public works or service contract. Once that determination is made, a good-faith effort will be made to determine whether it is known or can reasonably be expected that the total aggregate amount to be spent on the item of supply or service is not subject to competitive bidding, taking into account past purchases and the aggregate amount to be spent in a fiscal year. The following items are not subject to competitive bidding pursuant to Section 103 of the General Municipal Law:

- 1) Purchase contracts under \$10,000;
- 2) Public works contracts under \$35,000 (state law changed by Chapter 494 of 2009);
- 3) Emergency purchases;
- 4) Certain municipal hospital purchases;
- 5) Goods purchased from agencies for the blind or severely handicapped;
- 6) Goods purchased from correctional institutions;
- 7) Purchases under state and county contracts;
- 8) Surplus and second-hand purchases from another governmental entity. NOTE: purchases over \$10,000 of used, surplus or second-hand materials and equipment should be subject to public bid and advertised as such.

B. The decision that a purchase is not subject to competitive bidding will be documented in writing by the individual making the purchase. This documentation may include written quotes from vendors, a memo from the purchaser explaining the decision, a copy of the contract indicating the source which makes the item or service exempt, a memo from the purchaser detailing the circumstances which led to an emergency purchase, or any other written documentation that is appropriate.

§ 61-3 Methods for securing goods and services; exceptions.

All goods and services will be secured by use of written requests for proposals, written quotations, verbal quotations with documentation, or any other method that assures goods will be purchased at the lowest price and that favoritism will be avoided, except in the following circumstances:

- A. Purchase contracts over \$10,000 and public works contracts over \$35,000;
- B. Goods purchased from agencies for the blind or severely handicapped pursuant to § 175-b of the State Finance Law;
- C. Goods purchased from correctional institutions pursuant to § 186 of the Correction Law;
- D. Purchases under state contracts pursuant to § 104 of the General Municipal Law;
- E. Purchases under county contracts pursuant to § 103, of the General Municipal Law;
- F. Or purchases pursuant to § 61-6 of this policy.
- G.

§ 61-4 Purchase methods.

A. The following method of purchase will be used when required by this policy in order to achieve the highest savings:

Estimated Amount of Purchase Contract	Method
\$500 to \$2,999	At least two to three verbal or written quotes; memo or price quotes attached to purchase order for documentation if written quotes not submitted.
\$3,000 to \$9,999	At least three written/faxed/e-mailed or otherwise documented quotes are required. Purchase order must be signed by the Village Manager, prior to the order being made.
\$10,000 and above	Subject to publicly advertised bid or RFP. Must be circulated to at least three companies. Contract must be approved by the Mayor and Board of Trustees. A purchase order and/or contract must be signed by the Village Manager after Board approval is granted, prior to order being made.
\$500 to \$2,999	At least two to three verbal or written quotes; memo or

Estimated Amount of Purchase Contract

Method

price quotes attached to purchase order.

\$3,000 to \$34,999

At least three written/faxed/e-mailed quotations. Purchase order must be signed by the Village Manager, prior to the order being made.

\$35,000 and above

Subject to publicly advertised bid or RFP. Must be circulated to at least three companies. Contract must be approved by the Mayor and Board of Trustees. An award letter must be issued and formal contract must be signed by the Village Manager after Board approval is granted.

Change Order Policy – Pursuant to the policy of the Mayor and Board of Trustees, the Village Manager is authorized to approve change orders for approved contracts up to five percent (5%) of the base contract amount, or one hundred thousand dollars (\$25,000), whichever is greater.

NOTE: Total aggregate purchases over the course of a fiscal year should be considered when determining whether an item requires verbal quotes, written quotes, or be subject to public bid.

B. A good-faith effort shall be made to obtain the required number of proposals or quotations. If the purchaser is unable to obtain the required number of proposals or quotes, purchaser will document such attempts. In no event shall failure to obtain the proposals be a bar to the procurement.

§ 61-5 Documentation required.

- A. Documentation is required of each action taken in connection with each procurement.
- B. Documentation and an explanation is required whenever a contract is awarded to other than the lowest responsible offeror. This documentation will include an explanation of how the award will achieve savings or how the offeror was not responsible. A determination that the offeror is not responsible shall be made by the purchaser and may not be challenged under any circumstances.

§ 61-6 Exemptions.

Pursuant to General Municipal Law § 104-b, Subdivision 2(f), the procurement policy may contain circumstances when, or types of procurements for which, in the sole discretion of the governing body, the solicitation of alternative proposals or quotations will not be in the best interest of the municipality. In the following circumstances it may not be in the best interests of the Village of Mamaroneck to solicit quotations or document the basis for not accepting the lowest bid:

A. Professional services or services requiring special or technical skill, training or expertise. The individual or company must be chosen based on qualifications showing accountability, reliability, responsibility, skill, education and training, judgment, integrity, and moral worth. These qualifications are not necessarily found in the individual or company that offers the lowest price and the nature of these services are such that they do not readily lend themselves to competitive procurement procedures.

- 1) In determining whether a service fits into this category the Board of Trustees shall take into consideration the following guidelines:
 - a) Whether the services are subject to state licensing or testing requirements;
 - b) Whether substantial formal education or training is a necessary prerequisite to the performance of the services; and
 - c) Whether the services require a personal relationship between the individual and municipal officials.
- 2) Professional or technical services shall include but not be limited to the following:
 - a) Services of an attorney;
 - b) Services of a physician;
 - c) Technical services of an engineer engaged to prepare plans, maps and estimates;
 - d) Securing insurance coverage and/or services of an insurance broker;
 - e) Services of a certified public accountant;
 - f) Investment management services;
 - g) Printing services involving extensive writing, editing or art work;
 - h) Management of municipally owned property; and

- i) Computer software or programming services for customized programs, or services involved in substantial modification and customizing of prepackaged software.

B. Emergency purchases pursuant to § 103, Subdivision 4, of the General Municipal Law. Due to the nature of this exception, these goods or services must be purchased immediately and a delay in order to seek alternate proposals may threaten the life, health, safety or welfare of the residents. This section does not preclude alternate proposals if time permits. The emergency situation must be documented.

C. Purchases of surplus and second-hand goods from any source. If alternate proposals are required, the Village is precluded from purchasing surplus and second-hand goods at auctions or through specific advertised sources where the best prices are usually obtained. It is also difficult to try to compare prices of used goods, and a lower price may indicate an older product.

D. Individual goods or services under \$500. The time and documentation required to purchase through this policy may be more costly than the item itself and would therefore not be in the best interests of the taxpayer. In addition, it is not likely that such de minimus contracts would be awarded based on favoritism. However, it is recommended whenever possible that the Village try to obtain three comparison bids/prices, or purchase off of state or county contracts to realize the best price.

§ 61-7 Effective date; annual review.

This policy shall go into effect December 2, 2013, and will be reviewed annually.

1. Any municipal officer or employee who has, will have or later acquires an interest in any actual or proposed contract with the municipality of which he is an officer or employee, shall publicly disclose the nature and extent of such interest in writing to the governing body thereof as soon as he has knowledge of such actual or prospective interest. Such written disclosure shall be

made part of and set forth in the official record of the proceedings of such body. Once disclosure has been made by an officer or employee with respect to an interest in a contract with a particular person, firm, corporation or association, no further disclosures need be made by such officer or employee with respect to additional contracts with the same party during the remainder of the fiscal year.

There was no disclosure of interest by anyone at this time.

Senator George Latimer appeared. He wished the Board the best as they begin their annual session. He reminded the Board that this is the ideal time to consider any legislation for home rule; i.e. hotel bill and any other issues that the Board wishes to do that they need State legislation for. He and Mr. Otis will be happy to work with them on anything they deem in the best interest of the Village that would require State legislation.
