CALL TO ORDER

Dr. Tannenbaum called to order the Regular Meeting at 7:30 p.m.

New Business

1. No Parking/Standing/Stopping on Prospect Avenue by Mamaroneck Library. Village Manager received complaint from resident.

Dr. Tannenbaum said that the Village Manager received a complaint from a resident regarding motorists who are stopping in the street across from the library and blocking driveways of private homes. The resident is requesting that a ‘No Stopping’ sign be put up. Dr. Tannenbaum said that the residents of the apartment building on the corner need to be able to stop briefly and unload groceries or packages. Also, the apartment dwellers who use taxis need this accommodation. A ‘No Stopping’ sign would create a hardship. The Traffic Commissioners agreed to leave the ‘No Parking’ sign in place. Mr. Tannenbaum said that if a resident’s driveway is blocked by a car or taxi then it is an enforcement issue.

2. Additional Parking on Sheldrake Place. Village Manager received request from resident.

The Village Manager received a complaint from Mr. Larry Degnan of Spadaro Realty. Mr. Degnan wrote that since the parking regulations on Sheldrake Place recently changed to provide parking for firefighters, it has created parking problems for his tenants at 657 Mamaroneck Avenue. He is requesting additional parking on the opposite side of the street.

Mr. Brendolan did a measurement and said that Sheldrake Place is 24 feet wide curb to curb, and is a narrow road. He said to leave it as is. Dr. Tannenbaum said that he will send an e-mail and request that a “No Parking, Fire Department Drivers Only” sign be put up, and to allocate two spots on Sheldrake Place.

3. 702 Hall Street. Resident requests No Parking signs on either side of driveway.

Dr Tannenbaum said that Mr. Saenger complained about difficulty in backing out of his driveway and requests that 'No Parking' signs be put up on each side of his driveway giving him four feet clearance on each side. Dr. Tannenbaum said that this matter was addressed in May of this year.

Mr. Brendolan went to the site and measured. He said that the driveway entrance is 16 feet wide, and he noted that the resident has a double driveway. No action taken.

Dr. Tannenbaum made two suggestions for the resident as follows: 1.) Warning device installed in his car, i.e., buzzer, that will alert him; 2.) Trim the overgrown shrubs by his driveway.

4. 1015 Old Post Road. Additional Parking Requested.

Mr. Tannenbaum said that Mr. Tim Derrico is requesting additional parking for this location which is an apartment house. The street was changed from two-way to one-way. Dr. Tannenbaum said that renters should have a place to park.

A site visit will take place. This matter will be placed on the December agenda.

Old Business

1. Handicapped space in front of 208 W. Boston Post Road – John Lese, developer of property

Dr. Tannenbaum said that St. Thomas' Episcopal Church at 168 W. Boston Post Road has a handicap spot in front. Mr. Lese is requesting a handicap space in front of 208 W. Boston Post Road.

Mr. Brendolan went to the site and took measurements. He stated that the distance is 177 feet from St. Thomas' Episcopal Church to the front of 208 W. Boston Post Road, and not 275 feet as Mr. Lese reported earlier.

No action taken.
