Meeting convened at 7:00 PM on Thursday, September 8, 2016 in the conference room of the Marion Town House, 2 Spring Street, Marion, Massachusetts. This meeting was televised and video recorded by Old Rochester Community Television (ORCTV), and audio recorded by Town of Marion staff.

7:00 PM

### Massachusetts Division of Fisheries and Wildlife on behalf of the

Town of Marion, Request to Amend Restoration Order of Conditions File No. SE 041-1231. Carolyn Mostello of the Mass. Division of Fisheries and Wildlife (DFW) and Adam Burnett, U.S. Army Corps of Engineers, New England District were present. At the last meeting, C. Mostello explained the modification. While the Commission agreed with the suggested changes an Amended Restoration Order of Conditions was deemed necessary so this special meeting was scheduled. At the previous meeting some comments were received and slight changes were made to the list of modifications. C. Mostello explained those changes. A. Burnett detailed the fill and slope around the lighthouse as it shows on the plan. They said that no fine material will be used; all gravel will be coarse to allow for proper drainage. C. Mostello said they are on track to have the project completed by April 2017. The barge is already on site and ready to proceed. There were no further questions. N. Hills motioned to close the hearing; J. Doubrava seconded; voted unanimously.

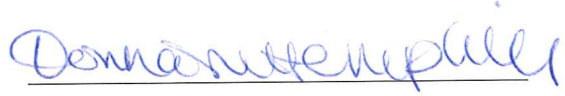

N. Hills motioned to issue the Amended Restoration Order of Conditions File No. SE 041-1231 with all conditions from the original Order in effect as well as the attached Bird

40 Island Habitat Restoration Project, Proposed Modifications", dated August 31, 2016. L.  
41 Dorman seconded; voted unanimously.

42

43 Meeting adjourned at 7:28pm.
