

Community Preservation Committee Public Meeting

The Mattapoisett Community Preservation Committee is in the process of updating the town's Community Preservation Act plan to incorporate changes in the Community Preservation Act, as well as establish new priorities for use of CPA funds.

A public meeting will be held Thursday January 10, 2013 at Center School from 6:30 to 8:00PM on the Historical Preservation component of the plan. Other components will be tackled in the upcoming months. Please come and give your input on where your Community Preservation funds are used.
