Notice of Intent

7 Colton Road – Construction of a ground mounted solar array

Rich Tabaczynski from Atlantic Design Engineers was present for the applicant. Rich explained that he has addressed the comments from DEP and handed the members updated materials. He said a wetland replication has been provided at the request of DEP and the commission. He said the wetland signs are also shown on the new plans. There are additional erosion controls along Colton Road. He said the filing fee was correct and no additional money is needed. DEP and the Planning Board requested test pits. They will be done and no design change is expected. The seed mix has been modified per DEP's request and the steeper areas will have a double row of erosion controls. Inspections will be increased for the first 2 years from 2 times to quarterly and during a storm event inspections will increase. Ron asked if the wetland signs were up. Rich said not yet. Paul made a motion to close the hearing; Sarah seconded; voted unanimously.

Abbreviated Notice of Resource Area Delineation

32-34 Grafton Street – Confirmation on all wetland resource areas

Nicole Hayes from Goddard Consulting, LLC was present for the applicant. Ron explained that 3 members from the commission did a site walk on 3/24/19. Nicole said the wetlands were confirmed by looking at soils, etc. She said the flags were not moved and no changes were made. Ron asked Nicole to explain to the audience why this was done. She said it is to confirm areas so any projects in the future will know where the resource areas are. Sarah made a motion to close the hearing; Paul seconded; voted unanimously.

Paul made a motion to adjourn the meeting at 7:24pm; seconded by Sarah; voted unanimously.

Respectfully submitted,

Ann M Swanson
