INFORMAL
MEETING Raouf Mankaryous was present and explained to the Conservation Commission that he is representing applicant Grace Gasco in the ANR (approval not required) process with the Planning Board (PB) to sub-divide a lot of land at the Millbury Youth Camp, Herricks Lane. He said the PB Chairman is requiring him to get confirmation from the Con Com of the wetland delineation associated with the existing stream which traverses the proposed new parcel. Mr. Mankaryous asked the board to confirm the wetlands, per his site plan on which he showed the wetland flagging. The board discussed Mr. Mankaryous' request. They commented that it is not usual practice of the Con Com to confirm wetlands as a requirement for an applicant proceeding with an ANR with the PB, and determined to take no action this evening.

COMPLIANCE The Conservation Commission was notified by New England Power Co. that the Z126, 115 kV Transmission Line Project is done per OOC# 224-641, and requested a Certificate of Compliance.
