Citizens Speak:

The Chair acknowledged <sup>Bub Renault</sup> Don Renault of 53 Oak Pond Ave. Mr. Renault viewed the telecast of our September meeting and realized he could assist us regarding public access to Dorothy Pond. Some while ago, a friend had given him an old map of the pond attained from the assessors office. The map had not been very

accurately drawn: to the best of his knowledge it was done 30 to 40 years ago. It seems this map is no longer readily available. The chair had copies made so that all the commission member could study it. The chair expressed our gratitude for his help to Mr. Renault.

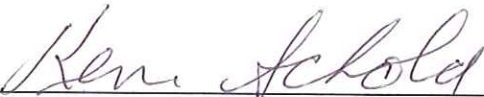

7:15 Ken Schold made a motion to adjourn, seconded and passed unanimously.

Respectfully submitted:
