Discussion for the Warrant Article began as to what the committee wanted. It was noted that they wanted only the money for the design plan on the warrant. Jayne said that she could speak with Mr. Spain and see about getting the article on the warrant, that it was easy to write an article. The committee discussed the videos and what we wanted to put out to the town in the next year to show them the complex and what we could do. The committee spoke about having resident neighborhood meetings and for the committee to keep a once a month schedule. Possible making a website of the steps and for questions.

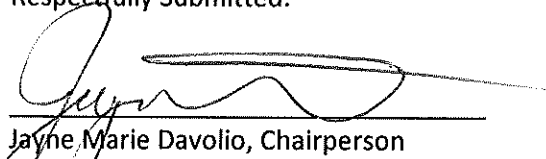

The question was formed of who would be our financial person when it came down to the final steps? Jayne will ask Mr. Spain.

Old Business: Jayne will speak with Brian Humes to check on the fit studies for both sites. Also she will send an email out for projected costs from Brian Humes for the big picture of expansion and testing etc. David King asked about the investigation on the Baril Oil land. Jayne gave David the letter to read from last week. Ray Hobin asked about Dan Daly's request of where the sewer line was and Jayne showed them the plans from Mr. McNeil.
