North Main St. Pump Station: Garage on Town's sewer easement; still waiting for Town Counsel.

Pump Stations: Ray Willis, from On-Site with updates, went through site locations and is meeting with Sewer Staff on Friday at 11:00 AM to solicit input from the operations staff. Preference is to keep the old station in operation while the new station is under construction. As for Rayburn Drive, we had a land taking with the land owner.

Faron Circle Expansion: Residential sewage pumps will discharge into common low pressure force main. The common force main will service 4 houses on the line. The surface topography (back to West Main Street) has very slight gradient. Specs will need to be incorporated into the Mass DOT bidding document, for materials and construction specifications.
