Abatements

Nick Angelo from 22 Lexington into meeting to discuss previous sewer bill, stated he sold the condo April 30 but condo was on market for over 2 years, with no one living there. He received a bill for \$35.48 and is looking for some consideration.

Commissioners agreed to abate \$35.48 sewer bill, motion by Frank, 2nd by Happy, all in favor.

Mr. Fenton of 5 Cronin Brook in meeting regarding the abatement he is looking for from the previous meeting, Commissioners were given previous usages and agreed to abate his sewer bill in the amount of \$632.70. Motion by Frank, 2nd by Happy, all in favor.

Finances

Invoices signed

Rob advised that budget is right on track

Intergovernmental is all paid for fiscal year 2012, so that budget balance to the Upper Blackstone is 0.00

Sewer Billing

Still looking to outsource sewer billing, need to advertise and seek out computer software that would be compatible. As for the outside water deductions, still hoping Aquarion will take over doing the water reads and from prior talks with them they are hoping to have all in place by January of 2013, so if Aquarion does the additional outside reads the amounts will already be taken off the water reads prior to down loading them in the office. Also if this is something that Aquarion does and will do for us we need determine cost for the service and if the homeowner will need to purchase a new meter for this outside deduction. Further discussion need to be done for this process
