Meeting Minutes;

The minutes for the October 13 meeting were read and accepted as read. Motion by Cheryl to accept and second by Jim. All members voted unanimously.

Downtown Infrastructure:

Accessible Parking Spaces on Lower Elm St.

Mike composed a letter to the Select Board explaining that in a recent Board meeting, which one of our members attended, Mr. McNeil talked about the crosswalks and bump outs, but never discussed our request for installation of handicap parking spaces on lower Elm St.

Mike and Mr. McNeil met and discussed that the parking spaces may be installed closer to the Elm Draft House Cinema where the accessible crosswalks will be placed.

We as a Commission, are requesting that these spaces be installed as soon as weather schedule permits, preferably during this 2016 construction season, or if not possible, the first thing next construction season.

The Commission is looking forward to having this project finally completed.

Mike inserted a notation in the letter he composed to the Select Board asking if they would consider improving the curb cuts at the intersection at Main and Elm St. during the upcoming 2017 construction season. This is a project that we have been requesting for years.

The members gave their approval to this letter with some corrections and improvements.

The Heywood Glenn curb cuts are now completed and looking fine.

Millbury Bandstand Project:

As of yet, Mike has not received any correspondence from the AAB concerning the completion of the bandstand project.

When Debbi and Jim went to see the project, the railings were almost completed and the connection of the ramp and the bandstand itself was flush. Great job done. The only part of this project to be completed is the handicap parking area nearby.

Debbi made a motion to adjourn the meeting, Jim second the motion.
Meeting was adjourned.

Next meeting will be held on December 8, 2016

Respectfully submitted,

 

Debbi Dymek
Secretary
