### **Minutes;**

Asa Waters Mansion and Bandstand Project-  
There is no update on the bandstand.

Mike contacted Sandy Cristo and her members of the Asa Waters Task Force and asked her to bring some members to attend our next meeting in May to discuss the bandstand project so we can get this issue moving.

### **Downtown Infrastructure;**

It may be still too early in the season to see any progress on the main intersection in town.

All members will monitor this area closely for any advancement.

There is nothing done yet in putting a handicap parking space on Elm St. We will have to contact Mr. McNeil and remind him of this issue.

Debbi supplied all members with a newspaper article stating that Governor Baker was seeking \$200 million for bridge and roadwork. He already released \$100 million on the first day of his administration. This money was held back in the Patrick administration. This is Chapter 90 money

Tom will give Mr. Spain a copy of this article so that Millbury can request some of this money for our sidewalks, bridge and road repair.
