

RECEIVED  
TOWN CLERK

14 MAR 12 AM 11:49

MILLBURY, MASS

MINUTES  
BOARD OF HEALTH

Date: February 26, 2014

PRESENT: James Morin, Armand White  
Inspectors: Julie VanArsdalen, Kerry Clark  
ABSENT: Ron Marlborough

GUESTS: Jim Malley

Office up-dates: Julie M. handed board members copies of bullet points from the Open Meeting Law Seminar.

Minutes: Motion to accept minutes from January 29, 2014 meeting was made by Armand White. Seconded by Jim Morin. Vote unanimous.

Vouchers to be signed: Vouchers were signed by those present

Health Agent Report: Julie V. reported low and moderate inspections up to date and is currently working on high risk.

Most housing and nuisance complaint issues were minor in nature and were resolved. She has several follow-ups and expects full compliance.

One complaint involved the wrong property owner receiving a violation letter. They were sent an abatement and apology which they kindly accepted.

Red Robin – Julie received anonymous complaint, no hot water. They temporarily closed the establishment, issue was resolved. She spoke with General Manager to have an internal procedure in place. Drain flies have been completely resolved.

Uno's – Julie did a full inspection, observed food handling in full swing, no issues.

Armand recommended a progress report be done on Julie M. and Judy B. to be kept in their file. They can also submit an Alliance progress report to Worcester to include Julie V. performance review. Jim Morin agreed.

Kerry stated Grafton is officially on board with the Alliance. An inspector has been hired, Paige, she will work ½ her time inspecting Grafton and ½ her time in a Child Lead Program in Worcester. Kerry asked the board if Paige can shadow Julie V. for a period of time and in the future an intern. The Board gave their permission. Also, the LOGO will change to include Grafton.

Kerry stated the Prescription Drug Take Back Program is scheduled for April 26, 2014.

Jim stated receiving a town report from Chris Montiverdi which he found very impressive and asked if it would be included in our town book. Julie M. stated Chris based the stats on a calendar year and Millbury is a fiscal year. The Board of Health report had to be submitted by 12/9/13. Julie M. also stated the info will be added to the 2014 report with Chris having the option to review and update before being submitted.

#### OLD BUSINESS:

Rubbish Hauler Recycling – Julie V. did research and presented the Board with recycling comparisons from Sturbridge, Grafton and Leicester, including their applications. Jim and Armand stated the Board will mandate rubbish haulers to recycle and report their tonnage. The goal is to have a plan in place by July 2014.

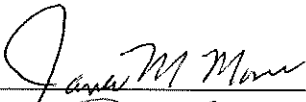

Clothing Donation Bins – Kerry Clark presented proposed by-law for clothing bin regulations. After a brief discussion the Board accepted as written.

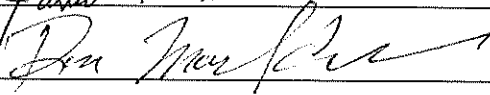

Ice Cream Vendors – Julie M. stated Sgt. McFaul stopped in the office to see if the Board was putting together a By-Law for ice cream vendors which the state mandated for February, 2013. The Board will take no action at this time.

#### ALL BUSINESS NOT REASONABLY ANTICIPATED TO BE DISCUSSED:

Jim Malley stated to the Board that Sam Chapin from Brown and Caldwell asked for a letter from the Board giving Wheelabrator verification they are not obliged to solely use water from the public water supply for operation at the facility. Mr. Chapman referred to the 2/20/1985 site assignment, stating it was a finding and not a condition. DEP is questioning whether Wheelabrator can use ground water for their cooling. DEP indicated in the 1990's an underground pipe burst causing contamination. Due to many questions, the Board will wait until Jim Malley's meeting with Maria from DEP to discuss specifics. He will then report back to the Board.

A motion to adjourn was made by Armand White at 8:15 P.M. Seconded by Jim Morin. Vote unanimous.
