TOTALS	115,952	116,050	129,077	130,490	

BUDGET COMMENTS:

The budget for the building department supports a staff of 6 employees which the function is to review permit applications, issue permits, determine fee's track permit issuance, conduct inspections, input data, keep records for life of all structures. Interpret regulations for the public, contractors, town residences owners of buildings, other town agencies. Issue determinations on regulations conduct inspections, respond to emergency's, enforce storm water regulations, planning and zoning regulations, work in conjunction with the Fire Department on overlapping jurisdictions on fire prevention and safety to the general public.

The building department has increased it's workload with the additional requirements by the commonwealth. The commonwealth enacted legislation to require yearly inspections for business establishments serving alcohol and requiring sprinkler systems for establishments over 100 occupants with all certificates issued from the building dept. Yearly inspections were required for all use groups in Table 106 of the building code with the building department issuing certificates and tracking the inspection process Inspections for class II & II licenses for the sale of used cars and these are conducted on a quarterly basis as per selectman's request. New trench laws, sheet metal permit law, implementation of new license requirements for roofing, windows, siding, doors, solid fuel burning appliances, security systems sheet metal workers and insulation contractors. The requirement for building departments to obtain and record liability and workers comp insurance prior to the issuance of any permit. New energy code requirements for compliance with software to assure proper energy guidelines. The implementation of solar voltaic products (solar panels) and 2 building code changes with the code entering the new ICC code with Massachusetts amendments and lead law. The town has also acquired a permit tracking system (MUNIS) which is very time consuming, The building department also resposds to emergency situations and works as a member of the Millis Emergency Management team. Zoning and Planning board decisions are also enforced by the building department as well as signs. Members of the department work dillagently to ensure public safety and respond to all requests.

TOWN OF MILLIS FISCAL YEAR 2014 BUDGET	FORM #2 BUDGET NARRATIVE*
DESCRIPTION OF FUNCTION OR ACTIVITY Please describe the overall mission or purpose of your department. The building department provides professional services for the enforcement of building codes, electrical codes, plumbing and gas codes, stormwater regulation, trench bill, zoning by-laws, general by-laws, permits & licenses issued by the board of selectman. The building department issues permits, collects fees, conducts inspections, issues violation notices, appears in court proceedings, provides assistance to the public, responds for emergencies, reviews plans and specifications, enforces zoning & planning decisions conducts inspections at public establishments, meets and works closely with town officials, prepares budgets, issues monthly reports inputs data for permit tracking, keeps records for all town buildings, and other associated tasks. Massachusetts General laws mandate the existence for building, zoning by-laws, electrical, plumbing & gas codes and the enforcement of the new sheetmetal regulations as well.	
STATEMENT OF SPENDING HIGHLIGHTS FOR FISCAL 2014 Please describe your goals and initiatives for FY2013 and how these translate to expenses. The building department's goal is to provide the services required to run the department by the activity generated through its statutory requirements as well as other duties performed under the direction of the board of selectman.	
FUNDING PLAN Please provide information regarding the user fees your department charges and other revenue, other than the General Fund, through which your department is funded. Permit fees are generated through permit issuance.	
PERFORMANCE ACCOMPLISHMENTS Please provide statistics and/or information regarding the level of services, workload, efficiency, as well as achievement measures. The building department has been able to maintain services with its current staffing. Projects have been approved for construction with a noticeable increase in building permits and fees for 2012. It appears that activity continues to increase through 2012 The building department is now running a new permit tracking software program which has been very difficult to implement The process has taken a lot of time from our other required duties we are hopeful that over time this system will work as an improvement for the building department record keeping and permit tracking, we will continue to work diligently to overcome the challenges that this new system provides The new web site has allowed the building department to become user friendly, installing permit applications that are now available on line.
