## Performance

Performance predictions in this report represent an estimate of vehicle performance based on standard operating conditions. Variations in customer equipment, load configuration, ambient conditions, and/or operator driving techniques can cause significant variations in vehicle performance. These values are not representative of results that may be shown in actual dynamometer tests. This report should therefore be used as a guide for comparative vehicle performance.

### Light Duty

GVW	Totals
Cargo Weight .....	0 lbs
Occupants Weight .....	450 lbs
Payload Weight .....	450 lbs
Curb Weight (as configured) .....	6,503 lbs
TOTAL .....	6,953 lbs
<b>GVWR</b>	<b>14,000 lbs</b>
