BUDGET NARRATIVE

Description of Department Function

The Mission of the Millis Police Department is to consistently find ways to promote, preserve, and deliver a sense of security, safety and quality of life to the residents of Millis, and those that pass through. We believe law enforcement has certain values at its core. To fulfil our mission, we are committed to:

Acknowledge our responsibility to the residents of Millis, our source of authority. Performing our duties within the spirit and the letter of the laws and constitution. Remaining sensitive to human needs and treating each person with respect, compassion and dignity. Approaching each situation as unique and responding creatively with empathy and prudent use of discretion. Promoting mutual trust between our department, and citizens and businesses of Millis.

Programs and Sub-Programs

Millis Police Public Forum, Citizen Information Registration, Department Internships, Veteran Outreach, 365 Drug Take Back, Millis Police Leadership Academy, Senior Center Outreach, DARE, Violent Intruder Programs, Rape Aggression Defense, Millis Toy Drive, EOPPS Traffic Initiatives, Crime Prevention, Firearms Licensing, Solicitor Permitting, D.E.A. Task Force, Traffic Enforcement, Social Media, CORI Fingerprinting, and Metro LEC.

Millis Police Department Staffing Accomplishments FY 2020

The Millis Police Department has historically operated understaffed. We have made some significant improvements which have had a direct impact on the dispatch center. We have recruited dispatchers that want a career in public safety. We have spent a significant amount of time recruiting dispatchers that have a vested interest in the police department. In addition, we have added part-time dispatchers to the rotation to help alleviate the workload on the four full time dispatchers. Implementing the additional part time dispatchers has eliminated the issue of filling shifts. More importantly, it has boosted the moral within the communication center.

The Millis Police Department filled 2 positions that had been vacant due to retirements. This was a long process, however well worth the wait. We will continue to seek motivated employees that will offer a positive impact to our community.

Funding Accomplishments

We have had significant funding accomplishments within the department. We had the ability to purchase various capital items which alleviated the tax payers having to fund these items. We purchased the following through grants and asset forfeiture funding;

Operational Accomplishments

We have become a very accessible department within the community. We balance that by integrating officers within the community at various events held within the town. In addition, we have expanded our social media which includes Facebook, Twitter, and Instagram. We take pride in responding promptly to the public when we are contacted. We have also launched our new website/app which can stream video and live Millis Public

Safety radio transmissions. Residents also can contact individual officers, as well as scroll through various photo galleries. The most convenient feature for many residents is the ability to access forms and applications for motor vehicle accidents, and License to Carry Applications.

The Millis Police Department continues to build the popular Leadership Academy Summer Camp for Millis Middle School students. It is a weeklong camp that runs from 8am-4pm free of charge. The camp is one of the most comprehensive camps in the area. Students learn about team building and are introduced to public safety operations. The camp is comprised of physical activity, group problem solving, and educational blocks. This has been a great accomplishment by all members of the department. The camp is now offered twice during the summer to meet the demand.

We have continued to offer various programs through the Millis Police Public Forum. The Public Forum offers various educational programs to the community and addresses any fears and concerns they may have. It allows people to have personal interaction to voice any issues they may have and meet various people from town. We offer violent intruder training, as well as crime prevention seminars.

We are a busy department, however the biggest request we receive is for traffic enforcement. We have structured all shifts to include traffic enforcement at various locations in town. On average, we cover between 8-10 locations in a 24-hour period. We have been working diligently with Mr. McKay, and the Millis D.P.W. to address traffic issues when they are presented to us. We purchased a valuable tool through a grant that helps address traffic complaints. We purchased a traffic recorder that mounts on a telephone pole. The device records traffic counts and speed, it delivers the information wirelessly back to the police department for analysis. The device can run for two weeks on a battery. This has generated positive feedback from the community when addressing various traffic complaints. The reports that are generated are then shared with the reporting party. It has made our job easier in terms of enforcement. It identifies the peak traffic time, so we can make a significant impact when posting for traffic.

Training Accomplishments

The Millis Police Department is one of the premier departments to host professional development classes for police officers. We have one of the nicest training facilities in the area. We have joined forces with the Massachusetts Criminal Justice Training Council and the Municipal Police Institute. We run various classes in our training room in cooperation

with both groups, in exchange we get free seats in each class. On average, a seat in a weeklong class is 1,000.00. We are fortunate to get 2-3 seats in each class for free.

Recently, we partnered up with the Governors Highway Safety Bureau to offer Child Passenger Safety Restraint Classes. The class certifies public safety employees to be car seat safety technicians.

Millis Police Officers have a mandatory 40hour in-service training each year which include legal updates, use of force and defensive tactics. In the past, officers would attend the course through South Suburban Police Institute. We paid 6,000.00 a year in dues to belong to the institute. We now handle everything in house, thus eliminating the dues. We conduct the 40-hour training at the police department. Instructors are comprised of officers within the police department as well as from outside agencies.

Millis Police Department Goals for FY 2020

Workforce

We will continue to develop and retain quality employees within our growing department. Our organization will achieve this by enhancing our recruiting efforts. We want to recruit superior candidates and set our department apart from others. Last year, we recently adopted our own fitness standard that must be met to move forward to the state test. Implementing a more comprehensive physical ability test will provide us with a candidate that is less likely to go out injured. We accomplish this objective by fostering a solid work life environment, job satisfaction/productivity, and develop competency and capabilities. History has shown that our department has at least one officer out long term every year. Our goal is to add depth within the department and grow with the community. Policing in general has changed significantly over the last 10 years. In addition, the community communicates various fears and concerns to us daily. Our officers are extremely responsive to the various requests, and act if need be. We need to consider and implement a plan now to address the increased population because of new business and residential homes. Every day that goes by, we are a year behind in the process. It takes about 1 year for an officer to complete the police academy, and field training program. We

have reached the point that we need to add officers to our staff. My goal is to work with the various stakeholders to communicate, educate, and adjust our strategic plan moving forward.

Communications/Dispatch

Dispatch plays a vital role within the police & fire department. We are continually looking to hire additional part-time dispatchers. Currently we have three part-time dispatchers. We will continue to recruit talented individuals to fill this critical role. It is important that we have multiple part-time dispatches to ensure shifts get filled, and vacation time can be granted.

Mental Health Training

The climate of policing is constantly changing. To help address those everchanging issues, we will continue to work on enhancing mental health training for our police officers. Intervention training for our police officers will assist them in helping individuals with mental health issues find appropriate care. Mental health training will offer the education and skills police officers need to identify those in need of mental health or substance abuse care and seek out appropriate treatment services. Our calls involving

mental health issues have increased from last year. These calls are unpredictable at times and can lead to dangerous situations. We will continue to train and provide equipment to handle these types of calls.

Communication

We will work on our continued efforts to remain transparent with the community, and actively seek suggestions from citizens on what we can do to improve our department. Our department is currently in the process of developing a Millis Police App for smartphones. It will allow the public to report crimes, offer information, and ask questions. Currently, we have these options in place now with our website and Facebook, however they are not monitored 24/7. The app will integrate anything the public needs with a touch of a button. Technology is changing fast, we need to keep up with the trend. We pride ourselves in responding in a timely fashion when issues arise, these will add just another avenue for folks to reach-out to us.

Technology

Our department needs to be on the cutting edge of technology in order to improve service to the community. We will rely on data and statistics to improve analysis and

decision making. Our social media initiative will continue to be developed to deliver information to the community in a timely manner. We plan on expanding our popular social media platform to include informative videos that will be produced in house. We will address specific issues that are relevant to Millis.

Violent Intruder Training

The Millis Police Department will continue to train all town employees in violent intruder training. The last two years all employees have received training once a year to address response to a violent intruder. This is a perishable skill, it is important the topic gets covered regularly. We will expand our training and offer it to additional organizations in town. Its important people get the training, so they can be empowered in a time of crisis. We will be working with several houses of worship in town, to help educate them based on recent incidents in the news.

Budget Request Above Level Service

The Millis Police Department is requesting three full-time police officer positions to be added to our current staffing. Since 2007, the Millis Police Department has maintained 15 full-time police officer positions. However, we had been operating with 14 officers from 2007-2016 due to a long-term injury. In 2017, the Town of Millis added a School Resource Officer due to state regulations. The only addition to the department in the last ten years has been the school resource officer. The implementation of the S.R.O. resulted in a significant positive impact on the school system. Communication between the school and police department have been great. Issues have been handled in a quick and efficient manner. The School Resource Officer has helped augment shifts, as well as fill in for school crossing guards, all which equate to a reduction of overtime.

Our department has fallen behind in terms of growing with the community and comparable communities. Additionally, our incidents have increased substantially since 2007. We handled 7919 incidents/calls for service in 2007. The number of incidents we have responded to have gradually increased since 2007. Last year we handled 15,168 incidents/calls for service (Figure 1).

Year	Officers	Incidents	
2007	14	7919	
2008	14	7944	
2009	14	8132	
2010	14	7927	
2011	14	8828	
2012	14	8572	
2013	14	6091	
2014	14	8973	
2015	14	10460	
2016	14	10658	
2017	15	12658	
2018	16	15168	

Figure 1

The average number of officers in comparable communities is 20 (Figure 2). The community is growing, all the housing and special projects will have a direct impact on municipal service. Historically, our department has been plagued by significant overtime costs. A contributing factor is that we have no depth to the police department. A department with no depth like ours, staffs shifts at the minimum. As a result, most vacation and sick days are a fill. Having the additional officers will allow for some shifts to go unfilled.

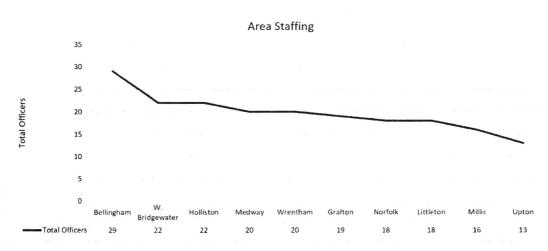

Figure 2

In addition to the financial concerns, officer safety is paramount. The climate of policing has changed significantly. We deal with a wide range of incidents in the community. Incidents range from mental health issues, domestics, drug activity, investigations, property crimes, traffic control, and general calls for service. We have new equipment and tools to help us bring these incidents to a peaceful resolution. We can't simply rely on mutual aid as we have in the past. It takes approximately a year to have a new officer operational. My fear is we since we are behind now with staffing, we will be even further behind once all the new projects are completed. Our department is committed to the community and would like the opportunity to build on the significant achievements we have attained. The community needs to consider taking a careful look at expanding the municipal side operationally. The addition of three officers would be a significant step in bringing our organization in line with comparable police departments.

Cost: 180,000.00 per year for 3 officers

Respectfully Submitted,

Christopher J. Soffayer Chief of Police
