Update of Sub-committee:

Harry will look to set a meeting date within the next two weeks with the committee, Donna & Hilary.

Donna asked to have a proposal of what the model would look like from Harry prior to the meeting.

Harry will go over previous submitted notes but felt it was the committees wish to develop it with the Rec Department.

Community Input-Discussion points included:

Carla as a community member and parent of a youth sport player had comments regarding the Carroll County Basketball Tournament played over vacation. First, felt it was a great opportunity for the players to experience that level of competition and travel to represent the town. One question raised was a different level of involvement by the Rec Department than at last years tournament. Donna felt that all the volunteer slots were filled prior to knowing what level we would be competing in. Issues raised about playing time rules and how policed, inconsistencies. Overall feeling was that we were guest rather than part of tournament. Would help to have a Rec staff at scoring table and perhaps even officiating. We were cut short on warm ups and felt a player on there team never entered court. Would like to play a couple of teams earlier in season. Donna took notes and will discuss at upcoming April meeting with Carroll County group.

Soccer Field- there was discussion about current proposed soccer field. Questions raised about lighting, surface, and expected usage.
