We continue to make educational material available to the general public through flyers and the library.

## **Toward next year**

Continue with supporting the efforts to make Mental Health Services accessible through our partnership with Northern Human Services.

Will make the survivor packets available to MPD so that they can, on their follow up visits, to deliver them.

## **Tasks to do**

Make a one page flyer (both sides) one side our web page (after updated ) and second page recognize and connect (Peter), to be passed out at Town Meeting or used as members see fit.

Update membership list on Web site (Peter will contact Allison)

## **Northern Human Services Update**

The Future of Health Services, Primary Care and Mental Health Services in NH seems to be moving toward the umbrella of a few managed care companies. Uncertain as to how that will impact Northern. But the Coalition will proceed as we have and continue to monitor the changes as they occur.
