April 15, 1976

Present were Thomas Mansfield, Oliver Andrews and Betty Hooper.

Mr. Larry Butler of Manchester, representing the Emergency Medical Service System, came in to discuss the possibility of New Boston joining a district comprised of several other towns to unite in an enterprise for better performance for ambulance service and rescue service. A meeting on this subject is to be held on April 21 in Manchester at the old court house and Mr. Butler extended an invitation to all interested persons to attend.

Donald Stout applied for a pistol permit renewal.

Fred Moss applied and submitted an Elderly Exemption.

Larry Abbott complained that he has been finding the Town Hall doors open when he checks about 5:00 pm. Betty was asked to check with the hot lunch girls in this regard.

Many property tax inventories were returned.

Stephen Peterson was in to question his assessment. He feels he was taxed for a finished building which he claims is in error. The Selectmen will review his card.

Mabel Hodge brought a Pell License Petition to be signed. She also was disturbed as to the Method suggested to be used for compiling the dog list this year. The State inventory deleted this information this year.
