

SELECTMEN'S MEETING

July 8, 1976

Present were Roland Sallada, Thomas Mansfield, Oliver Andrews and Betty Hooper.

The Selectmen left the office at 7:45 to review the Beverly Marletta house. They returned at 9:15.

Walter Leach, Jr. dropped by to receive more detailed information regarding the job of Dump Custodian. He felt \$2,300 was not enough money for the time involved. He felt it should be worth \$100 per week. He submitted a bid to be considered.

Mabel Hodge brought in her quarterly bill.

The Selectmen discussed yield taxes in regard to the Wilcox Lumber Co. who has been cutting at the Town Lot. Mr. Bean, forester, felt the company was not liable for yield taxes since this was town lumber. Roland checked with Concord, and they advised that yield taxes are collectable since this lumber is not for town use, but ~~has been~~ sold by bid.
