

SELECTMEN'S MEETING

February 10, 1977

Present were Roland Sallada, Thomas Mansfield, Oliver Andrews and Betty Hooper.

Mrs. John Leedham came in to protest the assessment on two of her properties. An error was discovered and rectified by a refund.

Mr. & Mrs. Daniel Zwillinger came in to back up their letter of protest of their property assessment. Mrs. Zwillinger said that the Selectmen did, indeed, visit her home in April of 1976, stating their reason for calling. She allowed them to view and measure the property so that they might get a proper assessment. While they were there, Mr. Zwillinger arrived and offered his assistance. The Selectmen feel the valuation placed on this property is fair and correct.
