

SELECTMEN'S MEETING

August 11, 1977

Roland Sallada and Oliver Andrews met with Mr. Robert Berti, Forester, representative to Wagner Woodlands. Mr. August Comes was called to attend the meeting since they were discussing ownership of land which the map presented to the town by Wagner Woodlands for Open Space purposes appeared to have a discrepancy in boundaries. The problem will still need further information.

Mr. J. K. Hage came in for information in regard to land now owned by Jack Kilmartin and Roland Neves. There has been a problem regarding the old road which previously had been closed subject to gates and bars. Mr. Hage is interested in buying this property and questioned the status of this road and how it might be re-opened. He was informed that the request must be appear as an article in the town Warrant.

A building permit was issued to Mr. Robert Broulliere to build a barn.

Following a recent inspection, the Selectmen found the trailer of Mr. Edgar Dupuis as yet unfinished. He will be given a two-week extension.
