

SELECTMEN'S MEETING

October 13, 1977

Present were Oliver Andrews, Roland Sallada and Betty Hooper.

Randy Parker came in to ask what steps would be involved to open a bakery in the old Marshall's Market building. He was advised that since it had been a commercial property previously, perhaps it would still be commercial. The Ordinance was read and there was one point: Art. IV, Sec. 4-1 and 4-2. He then asked questions about an addition to his own home.

In discussing driveway permits, Roland suggested charging a fee of \$5.00 since the inspection by the Selectmen is so time consuming.

Road Agent and Fire Chief brought in bills.
