

SELECTMEN'S MEETING

March 12, 1981

Present were Sel. Merrill Todd, Sel. Theodore Olson, Sel. Thomas Mansfield and Sec. Betty Hooper.

Selectman Olson was received as elected to the Board of Selectmen for the two-year term remaining from the Leroy Lowell term.

Sel. Mansfield nominated Merrill Todd to act as chairman of the board for the coming year. Mr. Olson seconded the motion and the motion carried.

David Campbell brought in a building permit application to rebuild a home on the original site of the house burned on River Road. The Selectmen will issue permit on receipt of the approval from the Governor's Council on Energy.

It was discovered that several copies of the 1980 Town Report were not in sequence or had many pages missing, therefore payment will be withheld temporarily until this can be brought to the attention of the Cabinet Press in Milford.
