

February 16, 1987

8:30 Ed Colburn left off a map of his right of way off McCurdy Road. He had the question if the Town Hall is remodel for town offices would that fall under the large building code. The Selectmen agreed it would.

9:00 Michael Stickney came in for information to establish a gravel pit. He has five (5) acres which he plans to build a single family dwelling. He would like to remove some gravel before building the house. Mr. Stickney is guessing there are 10,000 to 20,000 yards of gravel on approx. two (2) acres. It would be a short term pit.

9:15 Bill Hebert brought in plans for remodeling lower Town Hall.

9:50 Chairman Mansfield read correspondence which came in throughout the week.

G.F. Construction asked for approval of road names in their new development. Road A would be Laur Hill Dr., Road B would be Gaither Ave. Linda Hunsaker requested a list of property owners along River Road. Secretary will supply the list with an appropriate charge.

Michael Rafford, Baybutt Construction Co. questioned if there would be a building and dumping fee if he was the contractor for the new school addition. A letter will be sent to him stating no fees but he would have to comply with any regulations that may be in effect at that time.

Michael Richards was nominated as alternative member of the Planning Board. He will be completing John Musick term.

Chairman Mansfield made motion to follow a new agenda for Monday evening meetings.

Agenda
