

Selectmen's Meeting

September 26, 1988

Present were Selectman Dodge and secretary. Selectman Mansfield was on vacation and Selectman Olson did not feel well.

7:30 Kathy Kritzen came in for assistance. She needs someone to clean the chimneys, wood for the winter and clothes for her children. Selectman Dodge told her we would have the chimneys clean and help her with firewood. The school nurse will help collect clothing for her children.

Kathy is taking a twelve (12) week course on speciality craft hoping to become self sufficient with her artistic ability.

Kathy is in the process of a divorce. Charles and Richard owners of the property are expected to return from California and this may make a difference on the amount of assistance necessary.

8:25 Donald Holt and John Neville came in with a cashiers check of \$10,500.00 until the bank issues his bond. At this point in time, Donald Holt does not want Saturday hours if in the future they become necessary they will be in to talk with the Selectmen. Mr. John Neville has signed an agreement with Donald Holt to be his contractor for hauling gravel. Mr. Neville asked if he could stock pile 200 yards of loam and 50 yards of clean stones at the pit. Selectman Dodge will review permit with Selectmen Olson and Mansfield at the next Selectmen's meeting 10/3/88 to make necessary changes and sign the permit.

Selectmen Dodge signed weekly checks and reviewed weekly mail.  
Secretary left at 10:30  
Respectfully submitted  
Linda Sizemore
