New Castle Cemetery Trustees MINUTES for May 21, 2014 at Town Hall at 3:30 p.m.

Attending: Jim Cerny (chair) and Terri **GOLTER**
Began at 3:34 p.m.

1. Approved minutes for April 16th.
2. Reviewed mowing status and budget for rest of fiscal year. Identified some monies that can be shifted to buy more flags and holders. Set deadline for invoices of June 30th, otherwise not to be paid.
3. Nancy Amazeen called with concern about filling holes near her parents grave in Riverside.
4. Ask Carol White to confirm work schedule with Kai Nalenz for gravestone repairs in Riverside.
5. Steve Tabbutt agreed to pick up masses of flowers at Oceanside when a burial occurs. St. Germain was the immediate need.
6. Discussed placement of HNE historic marker at Frost Cemetery, but not to make a decision.
7. Terri ^{Golter}Winters met with Craig Strehl and Ann Tarlton at Frost Cemetery just before the meeting to review our plans for plant control and tree maintenance. Concern is to have Ann remove the leaves she was dumping in one corner.
8. Water turned on at Riverside and Oceanside, but one faucet at Oceanside not functioning, implying a leak. Need to revisit either repair or replacement of the water line as this has been a recurring problem and the water line is at the surface at one point. Previous estimate was about \$2K for a replacement.
