

TOWN HALL RENOVATION MEETING MINUTES

September 2014

Please find the minutes from yesterday attached. Etoile, this will catch you up on where we are and is based on the agenda I handed out.

Please note the proposed timeline I put in the minutes. I need everyone's help to correct and finalize this for Catherine. Lorn, this is especially true on the bonding process. Please send me your changes and comments. I will create a separate timeline document with them and send it around.

The next meeting is October 21 at 9:00 when we will review the floor plan layout with town staff and get updates on the action items in the attached minutes.

In meeting with staff, we should capture their comments and send to Catherine. She is not able to provide information on bearing walls at this time so this is the best way to do it for now. Also, Patty, the door we questioned on the floor plan is the basement, furnace room door. Catherine will send us a one page, 11x17 floor plan of the approved option to use in our meeting.

Thank you, Rodney
