**Also Present:**

Jeremy Bourgeois, Town Administrator

**Call to Order**

Chair Swenson called the meeting to order at 1:00p.m.

**MS-7 Worksheet**

Chair Swenson referred to a copy of the most recent MS-7 worksheet which was distributed for review. Chair Swenson explained it is a line item listing of the various revenue sources for the Town other than property taxes.

The details of the individual line items were discussed. The following comments were made regarding the items.

3120 Land Use Charges: no projection for this year.

3185 Yield Taxes (timber): lower projection from 2014.

3190 Interest and Penalties: estimated at \$85,000 based on the last few years.  
Excavation Tax: is \$220.

3220 Business License and Permit Revenue: it was noted the average is \$20,812 and Selectman Jarvis stated she wants to have a more conservative figure of \$20,500. The averages are based on 8 year figures. Selectman Jarvis asked if the Town Clerk/Tax Collector is comfortable with these figures based on her experience. It was indicated she is.

3230 Building Permits: projected to be \$15,000 for 2015. The downturn in building was discussed and it was noted 2010 was the peak year.

3290 Other Licenses: no change.

3352 Meals and Room Taxes: regulated by the State.

3353 Highway Block Grants: \$97,686 was noted in the Town Warrant. Selectman Bickford stated it should be higher in 2016 because of the 2% tax increase per

fuel gallon. Selectman Jarvis stated she confirmed the amount that was given to the Highway Department.

Road Tax & Milfoil Grants: it was agreed \$20,000 is sufficient.

3379 Other Governments: Chair Swenson stated he is unsure of the sources for this but noted it is only \$1,500.

3401 Income From Departments: includes revenue collected by Solid Waste, the Police Department details, etc. Selectman Bickford stated that with the revenues collected by Solid Waste going down, he isn't comfortable with the numbers. It was noted the police department details would also be going down. It was agreed by consensus to lower this line to \$55,000.

3409 Other Charges: this line includes miscellaneous including cemetery revenues.

3501 Sale of Municipal Property: Chair Swenson stated he anticipates this being higher but doesn't want to change the amount.

3502 Interest on Investments: no changes.

3503 Donations; Welfare Liens; Court Fees, Etc: projected for \$6,500 in 2015.

3915 Transfers from Capital Reserves Funds: Chair Swenson stated this comes from: 4909 (Milfoil) and leaves a net amount of \$6,320 (less the \$15,000 grant). There is \$125,000 which includes items from line 4902 (police cruiser and highway truck); line 4903 (furnace and renovations for Fire Department); line 4901 (RSMS).

3916 Trust and Fiduciary Funds: this line includes ETFs such as potential benefit expenditures; unexpected IT hardware; Shirley Forest Trust.

3917 Transfers from Conservation Funds: Chair Swenson stated this line was added as a result of conversations at recent Board of Selectmen meetings in which the Conservation Committee indicated they would be spending \$45,000 of their fund for the Clarke Property. It was noted the Board of Selectmen has no jurisdiction over this expenditure, only the agreement.

Chair Swenson summarized the revenues (other than property taxes) are currently projected to be \$1,298,626. When combined with other budget items reviewed in conjunction with the Budget Committee, the operating budget is \$2,896,300 plus warrant articles in the amount of \$554,050. The total appropriation needs of the Town are in the amount of \$3,450,350, less the estimated revenues of \$1,298,626 leaves an estimated amount of taxes to be raised of \$2,151,724.

**2015 Town Warrant**

Town Administrator Bourgeois stated he uploaded the warrant to the DRA software and comments were received from their representative on just two items. He stated that for Article 4, it was recommended they reword it, similar to last year. After discussion, it was agreed to do as suggested. On Article 5 it was recommended to include the sources for the funding and to note it is \$0.00 per \$1,000 assessed.

Selectman Bickford asked to move Article 6 as it is not money related. It was agreed to move the article to the end to be Article 12 and renumber the other articles.

It was agreed to hold off on voting on the final warrant articles until after the final Budget Committee meeting on January 14.

**Voter Guide**

The draft guide was reviewed and discussed. It was agreed further explanations may be needed in order to make it easier to understand. Selectman Jarvis stated that while adding up the amounts in the warrant articles, it might seem like taxes are going to go up but the revenues are always more than projected.

After extensive discussion, further edits were made. The final version was signed by the Board of Selectmen.

**Other Business**

Selectman Bickford stated the speed limit ordinance needs to be updated. He stated that the current one is not signed or dated. Selectman Bickford noted the wording indicates it is Board of Selectmen recommendations and is not official. He stated original documents need to be sure to be placed on the website. Chair Swenson suggested putting it on the agenda for discussion at the January 21 Board of Selectmen meeting and asked Town Administrator Bourgeois to find the accurate version of the ordinance.
