A discussion was held regarding a coaching issue from baseball season. There had been several verbal complaints regarding this coach's demeanor in Wolfboro, that he was a "hot head" and that he was extremely negative and derogatory about other individuals involved in the sport. It resulted an extremely negative impression on him. This was brought to the attention of Kristyn Bernier by a league board member and to Jennifer Nyman through another channel. A decision will be made regarding whether this individual will be representing New Durham as a coach in the spring before the season. No decision was made with regard to this issue.

The Commission discussed making a hiring decision for the Part Time New Durham Kid Connection Director. The position will be contracted at 15 hours per week and run through June 30, 2015, at which point the hours will be reassessed based upon the need for the summer day camp program. Nichole Hunter was present for the initial part of the discussion, as she has been serving in the capacity of the interim child care director as well. She advised the group that she was interested in this contracted position. She had provided a notice of interest as well as a resume.

Nichole Hunter was excused from the meeting following the initial discussion. **Kristyn Bernier made the motion to offer Nichole Hunter the Part Time New Durham Kid Connection Director position at a contracted rate based upon 15 hours per week which will cover through June 30, 2015. Jennifer Nyman seconded the motion. The motion passed unanimously.**

Nichole will be formally offered the position and a contract drafted.

**Kristyn Bernier made the motion to come out of non-public session at 9:49PM, seconded by Doug Perkins. The motion passed unanimously. The Commission entered back into public session.**

Respectfully submitted,
