

The **Board of Finance** held a special meeting on Monday, February 22, 2010 in the Council Chambers, 3 Primrose Street, Newtown, CT. John Kortze called the meeting to order at 7:12 p.m.

**PRESENT:** John Kortze, James Gaston, Marty Gersten, Harry Waterbury and Michael Portnoy. **ABSENT:** Joseph Kearney.

**ALSO PRESENT:** First Selectman E. Patricia Llodra, Finance Director Robert Tait, nine members of the public and one member of the press.

Mr. Kortze questioned why public speakers need to state their names and addresses and if they need to be registered voters to speak. He stated that he receives anonymous letters and although he appreciates someone taking the time it lessens the viability of what's being written. It's important that there be a name associated with it to add credence.

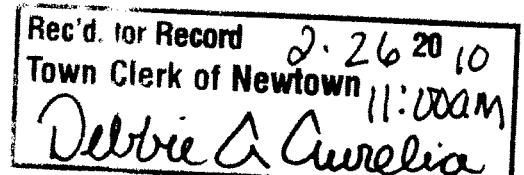

**VOTER COMMENTS:** **Bob Merola, 22 Ashford Lane** said that open space is a good thing for the taxpayers over time. He is disappointed it is far down on the CIP priorities. The Governor has made funds available for open space and Newtown should try to get their share.

**COMMUNICATIONS:** noted Ben Spragg sent an email (Att. A) in regards to the CIP regulation and the proposed additions, a separate section they are considering adding to the current CIP. Mr. Kortze asked Mr. Gaston and Mr. Gersten to look at this. Judge Lavery sent a package relative to the budget to the Board of Finance. Mr. Kortze has asked Dr. Robinson to have handouts available at the budget. Mr. Kortze made every effort to have the Public Hearing prior to all budget deliberations but was unable to due to scheduling.

**OLD BUSINESS:**

**Discussion and possible action:**

- 1. Town of Newtown Budget, Board of Selectmen proposed 2010-2011 budget:**  
First Selectman Llodra presented the Town side budget (see attachments). She stated that the proposed budget is \$37,703,044 which is .81%, or \$301,278 higher than the 2009-2010 adopted budget. It is 3.03% higher than the amended budget. The proposed budget cuts the landfill by one day, a staff reduction in the building department and the reduction of the part time summer clerk in the Town Clerks office. Mr. Kortze stated the handouts were very helpful. He asked why there is a 41% increase in the pension, saying there is a much larger contribution this year. First Selectman Llodra said the number is what the actuary recommended; the pension committee recommended a higher number. The actuary feels that the gap is expected to be fulfilled in the next couple of years. The pension committee is less confident the gap will be fulfilled in the next couple of years. First Selectman Llodra does not think the pension committee changed their assumptions. The pension committee will be asked to attend the next town side budget meeting. Mr. Tait reported the proposed budget includes \$1,000,000 from the general fund for revenue. First Selectman Llodra explained that there are two insurance consultants that serve the town, one for the Board of Education and one for the town side. There is an interest to consolidate into one. The town is transitioning to a

self funding insurance plan. Self insurance saves, we pay an administrative fee but it's smaller than the profit margin. Mr. Kortze stated the Board of Education insurance increase is higher than the town side. First Selectman Llodra said that the board has a health savings account which is considered differently when considering self funding according to Diane Raymo. The management of Bridgeport Hall is contracted with DeMarco Management. The building is under warranty until October 2010. After that the town would manage the building with one person assigned to the building full time, all day. The half person would be the person that comes in at night to do the cleaning. Mr. Kortze asked if there were still too many people after cutting one from the building department. First Selectman Llodra said that there are still inspections, additions and the high school addition. She will document the volume of permitting. Mr. Gersten asked about the unknown owners of properties. Mr. Tait said that the Assessor initiated the process but it takes time before the town gains control of the land. First Selectman Llodra defended the addition of a position in the tech department saying there are two people running the technology for the entire town. Mr. Tait spoke about CIRMA and workman's compensation saying claims appear to be lower than prior years. First Selectman Llodra said that they are looking at where events are occurring and supply training specific to those job categories to reduce exposure. She stated that communities that lease cars are being looked at to see if there is a cost savings. The Board of Selectmen reduced the police request from cars from six to four. She would like to have a program of replacement. The fire fighters incentive plan is actuarially based. Beth Agen presented the budget for Newtown Youth and Family Services. Mr. Gaston asked about the increase in the Communication budget. First Selectman Llodra will have more information on that at the next meeting. He asked for an itemization of all the police cars and who uses them (patrol, detective, sergeant) and how many miles a month. Mr. Gaston stated that last year's budget was \$1.3 million for roads and bridges. He asked for Fairfield Hills back up information. Mr. Portnoy stated we are facing decreasing revenues and thinks the town has to see what it services it can live without. If there are fewer services do we need as many people? If there are fewer students do we need as many teachers? Health insurance premiums are a huge part of the budget. Mr. Portnoy suggested getting everybody in shape, free smoking session courses, weight watchers, and exercise programs to decrease health costs in the long run. Bonding increased so the outstanding balance of the debt is higher. Mr. Gaston asked for an FBI report that states what the amount of policemen per capita should be. First Selectman Llodra said she could get that from Chief Kehoe. Mr. Portnoy is concerned there is no money in reserve for non-recurring expenses and recommended putting money there for upcoming events. He suggested looking at the level of salaries in order to save jobs. First Selectman Llodra said she would be willing to look at all possibilities to save jobs but pointed out people in the public sector don't make private sector salaries. Mr. Kortze asked the First Selectman, should the Selectmen budget be reduced, would she like specific guidance or the ability to break down. First Selectman Llodra would like both. Mr. Kortze thanked Mrs. Llodra for all of the helpful documentation stating the Town budget has been relatively flat or at a modest increase for the past ten years compared to the Board of Education which has increased dramatically. Mr. Kortze spoke of the budget amendment asking how we can apportion the \$806,000. Should the \$806,000 come from the town side in total? Mr. Gersten stated the Board of Education hadn't changed their budget but they weren't spending down to zero. Mr. Kortze said there was an approximately \$400,000 freeze on the Board of Education; the surplus is sitting if it was not transferred to other areas. First Selectman Llodra stated there is a misperception when you talk about a 3% increase in

spending over the amended budget because of the \$806,000 reduction taken on the town side. When doing the budget amendment it was known that the Board of Education would receive a decrease in their budgeted expectation for the return on the excess cost grant. The town side does not have a 3% increase in money that has been expended. If you apportioned it according to what the draw on the town side is and apply the dollars we're asking for there would be a request of 1.53% over the amended budget. Mr. Waterbury said that some expenses are not applied to the percentage because they are carry over's. The budget amendment changed the bottom line and the language. Mr. Kortze said there is less revenue, should it be shared?

**ANNOUNCEMENTS:**

**ADJOURNMENT:**

Having no further business, the Board of Finance adjourned their regular meeting at 9:15p.m.

Respectfully Submitted,

Susan Marcinek

Susan Marcinek, Clerk

- Att. A: CIP recommendation
- Att. B: BOS budget highlights

- Att. D: function/department/account document
- Att. E: BOS proposed adjustments to dept. request
- Att. F: Expenditure Budget Summary
- Att. G: Budget Amendment

## **CIP Recommendations – Feb. 8, 2010**

Below is proposed language to be added as a new section of the current CIP regulations.

### **9. Legislative Council - Administrative Guidelines for Capital Projects**

1. The Legislative Council is the ultimate fiscal authority for the Town of Newtown. It has a critical responsibility to ensure the financial health of our town government. The Legislative Council takes an active role in the CIP review process, culminating with the Legislative Council acting upon the recommendations of the Board of Finance. This section more fully outlines the role of the Legislative Council.
2. The Legislative Council will receive copies of information submitted to the Board of Finance at the start of the CIP process. All CIP requests submitted by the Board of Selectmen and Board of Education should have detailed back-up information presented in a consistent manner, including the estimated effect of the proposed project on the annual operating budget. Project information should clearly define the difference between a capital expenditure for maintaining and replacing vs. capital expenditure to add or expand the capital assets of the town.
3. Council members are responsible for monitoring the progress of the various boards involved in the CIP progress. Council members will be allowed the courtesy of asking a limited number of questions at the Board of Finance presentations made by the Board of Ed and the Board of Selectmen. Council members are urged to submit questions in writing to the Chair of the Board of Finance during the CIP review so that they can be answered as part of the ongoing Board of Finance review. The answers to these questions will be presented to the Council in writing no later than when the Board of Finance forwards its recommendations to the Legislative Council.
4. Following final approval of the CIP, updates will be provided to the Legislative Council every two months by the First Selectman and Newtown School District Superintendent on the progress being made on the capital projects that are expected to be funded within 12 months of the CIP's approval.
5. Prior to the Finance Director going before the Board of Finance to organize the bond issue to fund the approved capital projects in the CIP, the Council should be briefed on the plans for bonding.
6. Each project to be bonded will be presented to the Legislative Council as separate bonding resolutions. The Council will act on each individual resolution to afford Council members the opportunity for discussion on each project, providing the Council the option to decide if it wants to bond certain projects based on the progress made on those projects. Appropriate studies, written cost estimates and tax implications for each individual project will be provided prior to the Council approving CIP bonding resolutions to ensure voters are voting on the best information possible. All major construction projects are required to be put out to bid prior to funding approval. This will ensure that all of the project costs

are known up front and the contractor and bid are in place at the outset of the project.

7. For approved CIP projects that have successfully been funded, the First Selectman and Newtown School District Superintendent will provide a quarterly report on their progress until the projects are deemed to be finished. These quarterly reports will include information on cost savings, cost overruns and in-kind services provided by town and school departments.

**BOARD OF SELECTMEN PROPOSED 2010 – 2011 BUDGET**  
**BUDGET HIGHLIGHTS**

- The Board of Selectmen 2010 – 2011 proposed budget amount is 37,703,044 which is 0.81 % higher than the 2009 – 2010 adopted budget (301,278 higher) and 3.03% higher than the 2009 – 2010 amended budget (1,107,257 higher).
  - Let's analyze the 1,107,257 increase (2010 – 2011 BOS proposed vs. 2009 – 2010 amended); this will highlight the main drivers of this budget increase.
    - **Department 260 – Pension Fund increased \$235,339** (21% of the 1,107,257 increase). This is an actuarially derived number. The increase reflects the current economic conditions.
    - **Department 270 – Employee Benefits increased \$289,046** (26% of the 1,107,257 increase). This increase is due to increasing medical costs (increased medical costs are being addressed in union negotiations). The increase would have been larger except for the fact the town and BOE is going from premium based to self insured.
    - **Department 350 0 Insurance increased \$73,000** (7% of the 1,107,257 increase). This increase is due to increased worker's compensation premiums (worker's compensation issues are being actively addressed in monthly safety meetings, quarterly management meetings and bi-annually executive meetings. All these meetings are attended by our insurance consultants).
    - **Department 310 – Police increased \$181,933** (16% of the 1,107,257 increase). This increase is mainly due to negotiated wage increases. Effectively there was a 3% wage increase (2% on July 1 and 2% on January 1).
    - **Department 500 – Highway increased \$443,883** (40% of the 1,107,257 increase). Increase was mainly due to increased road funds and equipment fuel estimates. Road funds in the prior year were significantly reduced in the hopes of stimulus funds. Equipment fuel prices will be finalized soon with a possible saving to the estimated amount.
    - **Department 650 – Building Maintenance decreased (\$131,180)**. This decrease was a result of savings from the Kendro lease and increased efficiencies in building maintenance activities which enabled us to drop contracted services relating to the new municipal building.
    - **Department 550 – Parks & Recreation increased \$94,076**. This increase was mainly due to adding Eichler's Cove lifeguards to department expenses (they were charged to the Eichler's Cove fund in prior year); and adding an extra week to the summer program.
    - **Department 580 – Debt Service decreased (\$166,027)**. This was mainly due to savings from refunding.
    - **Misc departments increased \$87,187**. There were many miscellaneous decreases to department line items representing adjustments due to prior experience; one reduction in personnel (building department) and some other misc. deductions. These decreases were off set by some small increases due to one time budget decreases in the mid year budget amendment. The net effect of these is an increase of 87,187.
    - So to recap:
- |  |                      |               |
|--|----------------------|---------------|
|  | Pension Fund         | 235,339       |
