

Board of Finance
January 7, 2014

THE FOLLOWING MINUTES ARE SUBJECT TO APPROVAL BY BOARD OF FINANCE

The **Board of Finance** held a special meeting on Tuesday, January 7, 2014 in the Meeting Room at Town Hall South, 3 Main Street, Newtown, CT. John Kortze called the meeting to order at 7:35 pm.

PRESENT: John Kortze, Joseph Kearney, James Filan, Jr., John Godin, Michael Portnoy, Harry Waterbury

ALSO PRESENT: First Selectman Llodra, Finance Director Robert Tait, Tax Collector Carol Mahoney, Tax Office Data Clerk Sheila, one member of the public and one member of the press

VOTER COMMENTS: Sheila Cole, 9 Scenic View Drive, was present to hear discussion on senior tax relief programs.

COMMUNICATIONS: none.

MINUTES: Mr. Kearney moved to accept the minutes of the special meeting of 12/9/13, the minutes of the regular meeting of 12/9/13 and the minutes of the special meeting of 12/18/13. Mr. Godin seconded. Mr. Kearney noted that there was duplication in items number one, unfinished business and item number one, new business. The first four sentences in item one, new business can be struck from the record. All in favor.

FIRST SELECTMAN REPORT: First Selectman Llodra shared the winter storm breakdown, 2013-2014 (Att. A) and compared it to the winter storm breakdown of 2012-2013 (Att. B). First Selectman Llodra updated the board on the consultative services of Atrion, who have been contracted through March to help with IT services since the Director and GIS employee left (Att. C). The IT Director should be hired by Feb. 28. The problem resolution contract will continue for an additional four months. The revenue stream generated once the Hawleyville sewers are in has to be anticipated, that becomes an offset to the cost of the sewer project. We need the numbers for the bonding resolution; the resolution may include an anticipated cost with the language 'to be offset by the benefit assessment'. Mr. Tait stated if more time is needed the bonding resolution will allow a short term note. First Selectman Llodra noted that this sewer project is an economic development project not a project being done because of failing sewers.

FINANCE DIRECTOR REPORT: addressed under item #1, New Business

UNFINISHED BUSINESS

Discussion and possible action:

1. **Newtown Board of Education Monthly Financial Report, Nov. 30, 2013:** (Att. D)
2. **Town of Newtown Monthly Financial Report, Jan. 6, 2014:** (Att. E)
3. **Discussion and possible action on recommendation to Legislative Council on Senior Tax Relief programs:** There is a legal process for the Legislative Council, hearings, ordinances; a recommendation needs to come from the Board of Finance. They want to begin a public dialogue prior to budget time. Mr. Tait handed out the OLR Research Report (Att. F), the current tax relief program (Att. G) and information on the Town of Fairfield asset testing (Att. H). Ms. Mahoney and Mr. Tait reviewed the Fairfield program. Ms. Mahoney stated Newtown

has a generous tax relief program. The tax relief program can cover up to 75% of taxes; some receive 50% and some get 25%. Mr. Kearney is a big proponent of asset testing. He is not against senior tax relief but would like to see it directed in the areas that have the greatest need. Ms. Mahoney said that once seniors hear that a lien is placed to initiate a tax freeze they are not interested. Mr. Godin said it is similar to a reverse mortgage. First Selectman Llodra spoke about the circuit breaker program. Mr. Waterbury, Mr. Kearney and Mr. Filan feel they don't know enough about the formality to make any recommendation. Ms. Mahoney said that it is very important to let the tax payer know there will be a lien and a notification of lien is sent. Mr. Kortze suggested recommending that the Legislative Council look into an ordinance to provide a senior non-income based tax relief pool of money to make application to, which is similar to the way the income based program originated. First Selectman Llodra spoke about the program Redding uses. Mr. Waterbury said Redding and Newtown are not comparable towns. First Selectman Llodra said there should be no action without knowing what the impact is. Mr. Kearney believes it is unacceptable to talk about this program because younger tax payers, who may make less income, are subsidizing the cost of the program that benefits those better off. The best way to benefit all tax payers is to limit the growth of the budget. Mr. Waterbury said we have to be careful with anything that affects revenues. Mr. Godin has a hard time with a no-income based program. Mr. Portnoy believes there is an economic strain on residents in town and is not in favor of a non-income based criteria. Mr. Filan is not against looking at different programs but does not think a non-income based program is wise. Mr. Kortze said there is a financial benefit to having seniors in town. He has heard from many seniors who believe they have been paying freight for a long time without deriving benefit. He believes it is a good idea to continue dialogue to continue to effort some type of resolution for seniors, in a bigger cross section than what's there now. Mr. Kortze summarized the board is in favor of having an affidavit, the dollar amount has to be figured, the board is not in favor of a non-income based program or a reverse mortgage type of program. The board agreed to revisit the discussion, possibly adding an additional income band.

NEW BUSINESS:

Discussion and possible action:

1. **Discussion on upcoming Town of Newtown & Board of Education budgets, 2014-2015:** First Selectman Llodra said this is the fifth budget she has been asked to bring forward a budget with a zero increase; she believes we are going to suffer the consequences for these actions; we are losing people, resources, materials and equipment cannot be provided. It's not just a spending problem; it's a revenue program also. Mr. Kearney stated the town side is more than \$1 million below inflation in the ten years he's been tracking it. The Board of Education is \$11 million above inflation. Mr. Tait went over the year to date board of selectman budget (Att. E). Mr. Kearney moved to formally adopt and approve the letter (Att. I) submitted at the special meeting of December 18, 2013. Mr. Waterbury seconded. Mr. Portnoy supports the motion but doesn't think the topic has been fully vetted. Mr. Filan said it was more a direction given to the Selectman and the Board of Education about what is expected; Mr. Kortze said there was a consensus to want to make a statement. All in favor. First Selectman Llodra can break out cost of security; support of school security man power costs going forward will be borne by tax payers and not covered by grants. An RFP for space needs will go out in March. Mr. Kortze said that there is a statutory requirement that the Board of Finance look into the efficiencies and make a recommendation based on input. The Board of Education is required to respond to the recommendation. Mr.

Kortze would like to write a letter to the Board of Education requesting current data about populations and classrooms.

2. **Transfer:** Mr. Kearney moved the \$60,373 transfer from Salaries & Wages – Full Time to Fees and Professional Services (Att. J). Mr. Godin seconded. All in favor.
3. **Transfer:** Mr. Kearney moved the \$25,000 transfer from Contingency to Capital (Att. K). Mr. Waterbury seconded. All in favor.
4. **Comprehensive Annual Financial Report of the Town of Newtown, year end June 30, 2013:** Mr. Tait reviewed excerpts from the financial reports (Att. L). Mr. Kearney spoke about preparing for the meetings with the bonding companies.

ANNOUNCEMENTS:

EXECUTIVE SESSION: Discussion and possible action – Employee Review: Mr. Kearney moved to enter Executive Session for discussion and possible action on an employee review. First Selectman Llodra was invited to attend. Executive session was entered into at 9:45pm and returned to regular session at 9:49pm with the following motion:

Mr. Kearney moved the \$4,000 transfer from Contingency to Salaries & Wages – Full Time. Mr. Waterbury seconded. Motion passed (Aye: Waterbury, Kearney, Filan, Godin, Kortze). Portnoy abstained as he was not a member of the board during the original non-meeting vote in November.

ADJOURNMENT: The Board of Finance adjourned their special meeting at 9:50pm.

**NEWTOWN BOARD OF EDUCATION
MONTHLY FINANCIAL REPORT
NOVEMBER 30, 2013**

SUMMARY

The attached is the fifth financial report for the 2013-2014 fiscal year. During the month of November, the Board of Education spent approximately \$4.9M; \$3.5M on salaries and \$1.4M for all other objects. All the main object accounts on the first page remain in a positive balance position for this month and would be so even taking the transfers out of the equation.

The few negative balance in sub-accounts are those that will be expected to receive an excess cost grant revenue offset.

The excess cost and agency placement reporting has been filed with the State Department of Education last week and while we know that the tuition and transportation revenues will exceed our budgeted estimate we don't yet know what the balance of the distribution will be. Overall however, it appears that it will be about \$289,000 more than what was budgeted last year.

The current transfers recommended this month represent specific balances and needs that are detailed further under the Expense Category conditions which follows. There are several transfers that cross major object codes this month.

This budget is extremely lean and needs to be carefully monitored. Forecasting anticipated obligations will be ongoing from now on and will modify the balances required to end the fiscal year within the allotted budget.

EXPENSE CATEGORY CONDITIONS

100 SALARIES

The total salary budget is expected to be adequate to continue all the planned services for the balance of the year. Transfers from and into various salary accounts are as follows:

- \$28,000 is recommended to be transferred out of the Teachers salary accounts from balances available due to position placements.
- The Homebound and Tuition salaries is now anticipated to move into a negative balance. A specialized reading program for some secondary level students has required an \$85,000 commitment to provide the required services. This report recommends \$45,000 be added to this account from the above balances and other which follows.

- The \$1,200 transferred in to certified subs was a recommendation from the Middle Gate principal. The funding comes out of their classroom training account.
- Educational Assistants, for Special Education is recommended to receive \$38,000 as a result of a lesser than expected excess cost eligibility.
- Special Education service salaries will be providing the additional aid of \$38,000 due to higher level of excess cost funding for eligible children.

200 EMPLOYEE BENEFITS

Current estimates continue to be on track with no change.

300 PROFESSIONAL SERVICES

Current estimates continue to be on track with no change.

400 PURCHASED PROPERTY SERVICES

This category includes the \$574,000 of Building and Site Improvement projects which have been released for action to the extent possible now. These accounts were previously on hold in order to provide for security projects. The latest information on the DOJ grant is that it will be able to fund the measures we expected; therefore we no longer need to hold on the projects. Water and Sewer for Chalk Hill may exceed the budget by approximately \$3,700.

Emergency repairs which occurred this month included; repairing heat circulator pump couplings at Reed for \$1,943, Gym backstop repair at the High School for \$1,280, and an internal oil leak repair on a boiler solenoid at Middle Gate for \$3,420.

This year so far we have experienced a large number of emergency repairs. As of this writing we have spent about 62% of our budgeted account. This needs to be noted as we are just approaching the winter months where many more repairs become necessary during this period. If the same rate of emergency repairs are required for the balance of the year the budget could be exceeded by \$200,000. This report assumes about half of that in the anticipated obligation column.

500 OTHER PURCHASED SERVICES

The transfer out of \$435 was a recommendation from Hawley School to move this amount to their classroom supply amount. A transfer in of \$95,000 is recommended to the Transportation account to cover the additional costs of out of district placements. This shortage is after the estimated offset associated with the excess cost grant revenue.

The transfer out of tuition is recommended to essentially reverse last months' transfer in. A more comprehensive review of the placements and the initial calculation of the excess cost eligibility indicate that the original budget amount was adequate. The actual grant may be higher than budgeted which further supports this reversal.

600 SUPPLIES

Current estimates continue to be on track with no change. This group of accounts includes the electricity, gas, and fuel accounts which will be more thoroughly reviewed and estimated as we enter the heating season.

700 PROPERTY

The transfer in recommendation of \$18,000 is for the maintenance truck that was approved last month which needed to be replaced. It is not the full expected cost because other equipment accounts had remaining balances that will be used toward this purchase.

800 MISCELLANOUS

Current estimates continue to be on track with no change.

The budget will continue to be carefully monitored and any subsequent issues or opportunities will be presented as necessary.

TERMS AND DEFINITIONS

The Newtown Board of Education's Monthly Financial Report provides summary financial information in the following areas:

- Object Code -- a service or commodity obtained as the result of a specific expenditure defined by eight categories: Salaries, Employee Benefits, Professional Services, Purchased Property Services, Other Purchased Services, Supplies, Property, and Miscellaneous.
- Expense Category – further defines the type of expense by Object Code
- Expended 2012-13 – actual (unaudited) expenditures of the prior fiscal year (for comparison purposes)
- Approved Budget – indicates the town approved financial plan used by the school district to achieve its goals and objectives.
- YTD Transfers - identified specific cross object codes requiring adjustments to provide adequate funding for the fiscal period. This includes all transfers made to date.
- Current Transfers – identifies the recommended cross object codes for current month action. (No current transfers indicated)
- Current Budget – adjusts the Approved Budget calculating adjustments (+ or -) from transfers to the identified object codes.
- Year-To-Date Expended – indicates the actual amount of cumulative expenditures processed by the school district through the month-end date indicated on the monthly budget summary report.
- Encumbered – indicates approved financial obligations of the school district as a result of employee salary contracts, purchasing agreements, purchase orders, or other identified obligations not processed for payment by the date indicated on the monthly budget summary report.
- Balance – calculates object code account balances, subtracting expenditures and encumbrances from the current budget amount, indicating unobligated balances or shortages.

- Anticipated Obligation – is a column which provides a method to forecast expense category fund balances that have not been approved via an encumbrance, but are anticipated to be expended or remain with an account balance to maintain the overall budget funding level.
- Projected Balance – calculates the object code balances subtracting the Anticipated Obligations. These balances will move up and down as information is known and or decisions are anticipated or made about current and projected needs of the district.

LOCAL OPTION PROPERTY TAX RELIEF PROGRAMS

By: Rute Pinho, Associate Analyst

You asked for a description of the state's local option property tax relief programs for homeowners.

SUMMARY

State law gives towns the option of providing limited property tax relief to homeowners based on their (1) income, (2) age or disability, or (3) veteran or emergency personnel status. The programs target specific groups of homeowners, including seniors, veterans, individuals with disabilities, firefighters and emergency personnel, and individuals whose property taxes exceed 8% of their income. These optional property tax relief programs are in addition to the tax relief municipalities are required to provide under state law, which we summarized in a recent OLR Report ([2012-R-0104](#)) (attached).

INCOME-BASED PROGRAMS

Deferral of Taxes Exceeding 8% of Homeowner's Income

Towns' legislative bodies can vote to defer property taxes for any owner-occupied residence if the tax exceeds 8% of the owner's income for a given year. Deferred taxes are a lien on the property and must be paid with interest, when the homeowner dies or the property is sold ([CGS § 12-124a](#)).

Abatement of Taxes for the Poor

Town selectmen, city mayors and aldermen, borough wardens and burgesses, and other communities' committees may abate taxes or the interest on delinquent taxes assessed on people who are poor and cannot pay ([CGS § 12-124](#)).

PROGRAMS FOR SENIORS AND INDIVIDUALS WITH DISABILITIES

Tax Freeze for Seniors

Municipalities may freeze property taxes on homes owned by those aged 70 or older who have lived in the state at least one year. The freeze can also apply to a surviving spouse who is at least age 62 when the homeowner dies. Homeowners must meet the income limits for the state-reimbursed circuit breaker program to qualify for the additional tax freeze (CGS § 12-170aa to CGS § 12-170cc). Towns may also impose asset limits for eligibility. Those whose taxes are frozen can also qualify for other property tax relief programs (CGS § 12-170v to CGS § 12-170w).

Relief for the Elderly and Individuals with Permanent Disability

CGS § 12-129n allows towns, upon approval by the town's legislative body, to provide relief to seniors age 65 or older and people with disabilities. It imposes no income criteria and does not require towns to adopt any.

This law allows towns to provide relief to homeowners already receiving tax relief under the circuit breaker program as well as to those who do not meet that program's income criteria. The tax relief can take any form, including freezing tax payments at specified levels. But the overall amount of tax relief towns can provide is limited to no more than 10% of the total value of real property in the town in a given year. And the total value of tax relief a homeowner can receive under this and the tax freeze and circuit breaker programs cannot exceed his or her annual tax. The town must put a lien on the property if the amount of tax relief is more than 75% of the tax owed, and the law places several other restrictions on optional, unreimbursed local tax relief.

Exemption for Homeowners with Disabilities

Municipalities must provide qualifying homeowners with disabilities a \$1,000 property tax exemption. The law allows municipalities the option of also providing these homeowners an additional exemption of up to \$1,000 (CGS § 12-81i).

In order to qualify for both exemptions, a homeowner must: (1) be eligible to receive permanent total disability benefits under Social Security; (2) qualify for permanent disability benefits under a federal, state, or local government retirement plan; or (3) be 65 years or older and no longer eligible to receive benefits under the disability benefit provisions of Social Security (CGS § 12-81(55)).

Exemption for Special Tax Levied

Municipalities may exempt a prorated amount of any special tax levied on real property for low-income seniors and individuals with disabilities eligible for the mandatory tax freeze program for these homeowners (CGS § 12-129o).

Exemption for Individuals who are Blind

Municipalities may provide a \$2,000 exemption to qualifying homeowners who are blind (CGS § 12-81j). This local option exemption is in addition to the mandatory \$3,000 exemption municipalities provide to these homeowners (CGS § 12-81(17)).

PROGRAMS FOR VETERANS OR EMERGENCY PERSONNEL

Relief for Firefighters and Emergency Personnel

Municipalities may provide property tax relief to the non-salaried local emergency management director and any individual who volunteers his or her services as a firefighter, fire police officer, emergency medical technician, paramedic, civil preparedness staff, an active member of a volunteer canine search and rescue team, an active member of a volunteer underwater search and rescue team, or an ambulance driver in the municipality.

The tax relief may be in the form of either (1) an abatement of up to \$1,000 in property taxes due for any fiscal year or (2) an exemption applicable to the assessed value of real or personal property up to an amount equal to \$1 million divided by the mill rate, in effect at the time of assessment, expressed as a whole number of dollars per \$1,000 of assessed value. Any ordinance may authorize interlocal agreements for the purpose of providing property tax relief to such volunteers who live in one municipality but volunteer their services in another municipality (CGS § 12-81w).

Abatement for Surviving Spouses of Police Officers or Fire Fighters

Municipalities may establish a program to abate all or a portion of the property tax on the principal residence of the surviving spouse of a police officer or firefighter who dies while in the performance of his or her duties (CGS § 12-81x).

Exemption for Veterans Receiving Standard Exemption

State law provides a basic \$1,200 municipal property tax exemption for qualified veterans or their surviving spouses. Municipalities may provide an additional exemption of up to \$10,000 or 10% of the property's assessed value to veterans who qualify for the basic exemption and meet certain income limits (CGS § 12-81f).

Exemption for Veterans with Severe Disabilities

Municipalities may provide a total exemption to those veterans receiving financial assistance for specially adapted housing under Title 38 of the United States Code. (A specially adapted home is one outfitted to make it suitable for someone who has lost his limbs or eyesight.) If a municipality provides a total exemption, the taxpayer is not permitted to receive the state mandated exemption for veterans with severe disabilities (CGS § 12-81(21)(c)).

REQUESTED TAX CREDIT INCREASE = \$275,000

NOTE: Proposing a \$275,000 increase in the Local Homeowners Elderly/Disabled Tax Credit.

It is hoped that this increased tax credit would be funded by an increase in the grand list.

A 0.3% increase in the net taxable grand list would fund this amount which would result in no additional taxes to existing tax payers. The last grand list grew 0.6%.

TOWN OF FAIRFIELD CODE LANGUAGE REGARDING ASSET TESTING FOR TAX RELIEF
PROGRAM:

Any applicant and spouse who qualify for property tax relief under this article shall have a qualifying total asset value (QTAV) not exceeding \$650,000. Qualifying total asset value shall consist of any and all assets of the applicant and spouse as of the date of application but shall specifically exclude the value of the applicant's primary legal residence and all tangible personal property contained therein. Each applicant to whom QTAV applies shall make a sworn statement in a form satisfactory to the Assessor that such applicant's QTAV does not exceed \$650,000.

TOWN OF FAIRFIELD APPLICATION FOR TAX RELIEF FOR ELDERLY HOMEOWNERS:

Line 15 IF YOU ARE ELIGIBLE FOR THIS TAX RELIEF PROGRAM, DO YOU HAVE ANY ASSETS (EXCLUDING YOUR PRIMARY LEGAL RESIDENCE AND ALL PERSONAL PROPERTY CONTAINED THEREIN) EXCEEDING \$650,000?

YES NO

Line 16 SWORN AFFIDAVIT (*to be signed only in the presence of Assessor or Staff*)

The above applicant or authorized agent deposes and says that the above statements are true and complete and claims tax relief provided for in the Town of Fairfield Ordinance for Tax Relief. The applicant or agent is aware that the penalty for making a false affidavit is a \$500 fine, or one-year imprisonment, or both.

On behalf of the Board of Finance I would like to thank the various boards for coming together and enabling an opportunity to discuss the upcoming budget for the Town of Newtown. This is a practice we have advocated for and encourage all boards to adopt this as an annual practice. I had listed and agenda item for our last meeting providing for a dialogue on the upcoming budget, but due to the length of the executive session prior and the items on our agenda that required action, we were unable to have that dialogue. In the absence, I have spoken to each member individually and on behalf of the Board of Finance and in an effort to facilitate the purpose of this section of the meeting, I would offer the following observations and recommendations:

1. We would respectfully request that the BOS and BOE present a comprehensive plan for security for the district in the upcoming budget. Last year the BOF was tasked with recommending an allocation for security not knowing exactly what the future would hold. We've had a year to explore and discuss the various options and would expect that a specific and collective recommendation would be forthcoming and is certainly expected by the public.
2. We would request the BOE and BOS operating budget be presented separate from the security needs and that a complete understanding of those security actions and expenses taken be outlined. We would also expect an illustration on the various funding sources and that the plan moving forward be itemized as well. Given the sensitivity of the topic and should an executive session be necessary to discuss the details, please let me know and we will plan accordingly.
3. The BOF has held on our agenda for the better part of two years and have written to the BOE chair a number of times, a request to explore Ct Senate Bill 376, Public Act 10-108 Section 32. This act outlines and legalizes the process of allowing the collaboration of the BOF and BOE to set up a non-lapsing account to deposit unexpended funds from a particular year and hold them over into the next year. The concept of saving for particular expenses year over year and adopting a "pay as you go" approach to budgeting should be explored by the BOE and implemented. The municipal side of the budget has adopted this practice and has proven very beneficial to funding and planning for larger expenses. The BOF long standing request is to have a dialogue so that we understand what and how this would work best for the BOE, and in turn Newtown, and have held off from implementing such a practice due to the absence of that input. This would allow the BOE to establish a contingency fund and plan for certain expenses.
4. We would also encourage the BOE to discuss and collaborate with the other boards regarding the consolidation of non-educational services that exists in both the Town and district operations. The newly passed public act 13-60 which became effective 10/1/13 requires the Board of Finance and Board of Selectmen to make recommendations to the

BOE regarding how the BOE can consolidate non educational services to realize financial efficiencies. The BOS and BOE have already embarked on that process and we look forward to and expect additional recommendations from the Boards. We are also looking forward to having that discussion.

5. Last April and in light of the initial failed referendum, I wrote to the BOE chair and requested a meeting to discuss the concern I had expressed regarding the failed referendum and the need to have a public dialogue regarding increasing costs and decreasing enrollment. The council chair at the time responded and concurred. That meeting did not materialize and the reason expressed was that the district was not ready or did not want to do an enrollment study at that time. To be clear, an enrollment study was not requested at that time and it is our belief that an enrollment isn't necessary to recognize the trend. Instead, the concern regarding the need to educate the voter, in an open and public fashion, with the goal of educating them as to the reasons for the additional funding needs with the backdrop of declining enrollment was the focus of the request. More importantly, it would have been an opportunity for the BOE to articulate the reasons for the need or the plan to address the trend. As a result, we would request an illustration of the current enrollment in the district as well as the available classrooms by grade. We believe the data will speak for itself and will guide us in our recommendations to the council. Our request to have that dialogue publicly with all the town boards remains. The BOF has expressed the concern of the trend on enrollment for a number of years.
6. We would request an understanding from the BOS and BOE as to the timeline and cost for a municipal space needs study to include the schools as well as the timeline for an enrollment study in the upcoming budget.
7. We expect to quickly refer to the council, a framework of possibilities and ideas surrounding the concept of possible additional senior tax relief. We will act in our advisory role to the council and note that any action on this issue would require an ordinance and remains wholly in the council's purview. We encourage the council, with haste, to take the appropriate steps to vet all the possible options and consider whether or not additional tax relief for seniors is appropriate.
8. Lastly and on behalf of the Board of Finance, we recommend that the BOS and BOE present a budget for the 2014-2015 budget year that represents a flat or zero increase from the previous year. There are a multitude of reasons for this request to include the enrollment trend and the recent reveal to name a few. We believe that we, as elected officials, have an opportunity to demonstrate to the public that we are addressing the various trends and issues in town.

In conclusion, it has long been our belief that we are all better off as a community if we collectively discuss our challenges in an open and public fashion. We also believe that the need to more openly discuss the various trends in the town, specifically the issue of declining enrollment, will be an important focus of the BOF and the town as a whole going forward. The data has illustrated a trend more dramatic than anticipated, progressed well beyond a political discussion and we should not be afraid to discuss it openly. Postponing the dialogue cannot continue.

We welcome the BOS and BOE's input on how best to proceed.

RE: Emergency Replacement of NT-96 – Transferring of \$25,000.00 to fleet vehicles

The town truck which supported the inspections, enforcement and transportation for the Land Use Agency has been removed from service due to the failure of the body frame of the truck. I am requesting the expenditure of funds, \$25,000.00, which is a suitable amount to replace this with an appropriate vehicle.

The Land Use Agency, and indirectly other agencies such as Building, Health, Tax and Community Development, has had to reconfigure to adapt to this unexpected loss. This is resulting in delays for inspections, loss of revenue for permits and, most disturbingly, the inability to respond in a timely manner to illegal activities.

The Land Use Agency was operating with a reduced work fleet prior to the loss of the vehicle. The vehicle was to be replaced a few years ago but, budget cuts have resulted in using this vehicle beyond its working service life.

IV. OTHER INFORMATION (CONTINUED)

C. Pension Plans (Continued)

5. Funded Status and Funding Progress

The funded status of the plan as of July 1, 2013 was as follows:

ACTUARIAL VALUATION DATE	(A) ACTUARIAL VALUE OF ASSETS	(B) ACTUARIAL ACCRUED LIABILITY (AAL) PROJECTED UNIT CREDIT	(A-B) OVER (UNDER) FUNDED AAL	(A/B) FUNDED AAL RATIO	(C) COVERED PAYROLL	[(A-B)/C] OVER (UNDER) FUNDED AAL AS A PERCENTAGE OF COVERED PAYROLL
POLICE PERSONNEL PLAN						
July 1, 2013	\$ 13,517,603	\$ 15,470,719	\$ (1,953,116)	87.4%	\$ 3,827,046	(51.0)%
SELECTMAN AND BOARD OF EDUCATION PERSONNEL PLAN						
July 1, 2013	\$ 20,623,538	\$ 20,767,801	\$ (144,263)	99.3%	\$ 13,781,055	(1.0)%

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The required schedule of funding progress ("RSI-1") immediately following the notes to the financial statements presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time, relative to the actuarial accrued liability for benefits.

6. Actuarial Assumptions

The data presented in the schedules of funding progress and schedules of employer contributions ("RSI-1" and "RSI-2") were determined as part of the actuarial valuation at the date indicated. Additional information for both plans as of the latest valuation is as follows:

Valuation Date.....	July 1, 2013
Actuarial Cost Method	Projected Unit Credit
Amortization Method	Level Dollar-Closed
Remaining Amortization Period.....	15 Years
Asset Valuation Method	5 year Smoothing
Actuarial Assumptions:	
Investment rate of return	7.50%
Projected salary increases:	
Inflation.....	1.5%
Merit	1.5%
