* Based upon the 10/1/10 Grand list

EQUALIZED NET GRAND LIST (ENGL)

The Equalized Net Grand List is the estimate of the market value of all taxable property in a municipality. Municipalities revalue their Grand Lists based on schedules established by the Connecticut General Assembly (CGS 12-62). Thus, there can be a marked difference between the market value of all property and the assessed value. OPM calculates the ENGL from sales and assessment ratio information and grand list reports filed by the municipality.
