

Sec. 10-222. Appropriations and budget. Each local board of education shall prepare an itemized estimate of the cost of maintenance of public schools for the ensuing year and shall submit such estimate to the board of finance in each town or city having a board of finance, to the board of selectmen in each town having no board of finance or otherwise to the authority making appropriations for the school district, not later than two months preceding the annual meeting at which appropriations are to be made. **The board or authority that receives such estimate shall, not later than ten days after the date the board of education submits such estimate, make spending recommendations and suggestions to such board of education as to how such board of education may consolidate noneducational services and realize financial efficiencies.** Such board of education may accept or reject the suggestions of the board of finance, board of selectmen or appropriating authority and shall provide the board of finance, board of selectmen or appropriating authority with a written explanation of the reason for any rejection. The money appropriated by any municipality for the maintenance of public schools shall be expended by and in the discretion of the board of education. Except as provided in this subsection, any such board may transfer any unexpended or uncontracted-for portion of any appropriation for school purposes to any other item of such itemized estimate. Boards may, by adopting policies and procedures, authorize designated personnel to make limited transfers under emergency circumstances if the urgent need for the transfer prevents the board from meeting in a timely fashion to consider such transfer. All transfers made in such instances shall be announced at the next regularly scheduled meeting of the board and a written explanation of such transfer shall be provided to the legislative body of the municipality or, in a municipality where the legislative body is a town meeting, to the board of selectmen.
