## INTRODUCTION

In July 2014 a Charter Revision Commission committee was appointed by the Legislative Council and was charged with reviewing and revising the existing town charter. The changes they proposed were approved adopted by the Legislative Council and sent to the Town voters to will be voted on at the Nov. 8 a referendum to be held on November 8, 2016.

There are two ballot questions that encompass the changes proposed. The questions are independent of one another and the outcome of one question does not impact the outcome of the other. Each question is presented and explained below.

### QUESTION ONE (subject to approval)

SHALL THE CHARTER BE AMENDED TO PROVIDE THAT THE MAXIMUM NUMBER OF MEMBERS FROM ANY ONE POLITICAL PARTY PERMITTED TO SERVE ON THE SEVEN (7) MEMBER BOARD OF EDUCATION SHALL NOT EXCEED FOUR (4), (THE CURRENT CHARTER PROVIDES THAT THE LIMITATION IS FIVE (5) MEMBERS FROM ANY ONE POLITICAL PARTY)?

SHALL THE CHARTER BE AMENDED SO THAT THE 7 MEMBER BOARD OF EDUCATION INCLUDE A MAXIMUM OF 4 MEMBERS FROM ANY ONE POLITICAL PARTY INSTEAD OF THE CURRENT 5?

The State of Connecticut requires that no more than 5 members of a 7 member board be from any one political party unless modified by Town Charter. The party representation for the Board of

Education [~~subsection 2-30(c) in the existing charter and subsection 2-10(b)(2) in the proposed charter~~] has been so modified as follows.

~~Existing Charter: A maximum of 5 members from the same political party is permitted.~~

Proposed Charter: The number of members of any one political party who may serve on the 7-member Board of Education shall not exceed 4.

### QUESTION TWO (subject to approval)

SHALL THE REMAINING CHARTER AMENDMENTS ADOPTED BY THE LEGISLATIVE COUNCIL BE APPROVED, NOTWITHSTANDING THE RESULTS OF QUESTION 1 ABOVE?

The changes to the charter (QUESTION ONE excluded) are voted on in their entirety; either the changes are all approved or all rejected.

The existing charter has been restructured and parts rewritten, to form what is now the proposed charter. The This proposed charter eliminates the town meeting. Some of the aAdditional significant changes are detailed below.

### Town Budget

The processes of creating and approving a town budget [~~sections 5-01(b)(6) and 6-10 through 6-14 in the existing charter and sections 6-01 through 6-25 in the proposed charter~~] have been restructured and expanded.

Existing Charter: The duties of the Finance Director are stated as “prepare an analysis of all budget requests.”—The existing budget advisory questions are as follows:

*“Do you deem the proposed sum of \$\_\_\_ to be appropriated for the Board of Selectmen as ‘too low?’”* and

*“Do you deem the proposed sum of \$\_\_\_ to be appropriated for the Board of Education as ‘too low?’”*

Proposed Charter: The current processes for managing the budget, including the role of the Finance Director, have been codified. The proposed budget advisory questions are changed to read:

*“If the proposed sum of \$\_\_\_ for the Board of Selectmen is not approved, should the revised budget be higher?”* and

*“If the proposed sum of \$\_\_\_ for the Board of Education is not approved, should the revised budget be higher?”*

~~The proposed charter includes processes to be followed in the event of a failed referendum, directing the Legislative Council to confer with the Board of Selectman and the Board of Education for changes in their respective budgets. They also call for the Legislative Council to request updated financial recommendations from the Board of Finance.~~

The proposed charter requires that both budgets be amended to reflect voter-approved appropriations and made publically available.

## **Appropriations**

Elimination of town meetings necessitates changes to the appropriations processes [section 6-30 in the existing charter and section 6-35 in the proposed charter].

Existing Charter: The Legislative Council has authority to make special or emergency appropriations up to \$0.5 million per item, with a maximum of \$3 million annually. Appropriations over \$0.5 million and less than \$10 million are also voted on in town meetings. Appropriations of \$10 million or more are sent to a town referendum.

Proposed Charter: The Legislative Council has authority to make special or emergency appropriations up to \$1.5 million per item, with a maximum of 1 mil of the grand list (currently about \$3 million) annually. Appropriations over \$1.5 million will appear on the annual budget referendum ballot unless prohibited by timing or other factors. In such case, a special referendum will be called.

## **Acquisition and Disposition of Real Property**

~~The processes for acquisition and disposition of real property [section 7-90 in the existing charter and chapter 8 in the proposed charter] have been modified. The proposed charter requires that procedural details for all processes be codified in town ordinances. Key changes include:~~

### **Real Property Acquisition**

Existing Charter: The Legislative Council may authorize a single real property

transaction up to and including \$0.5 million. A town meeting is also required for transactions over \$0.5 million and less than \$10 million. A referendum is required, in addition to Legislative Council authorization, for transactions of \$10M or more.

Proposed Charter: The Board of Selectmen initiates the acquisition of real property. The property must be appraised. If the acquisition requires an appropriation less than or equal to \$1.5M, the Legislative Council authorizes the acquisition. If an appropriation is over \$1.5M, a referendum is also required.

### **Real Property Disposition**

Existing Charter: The Legislative Council approves the disposition of town-owned real property and a town meeting is required for authorization.

Proposed Charter: The Board of Selectmen initiates the disposition of town-owned real property. The property must be appraised. For properties under or at \$1.5M, the Legislative Council, with input from all boards having an interest in the property, authorizes the disposition. Properties over \$1.5M require authorization from the Legislative Council along with a referendum. Signage and local publication are required.

### **Method of Disposition**

Existing Charter: Town-owned real property can be disposed of by sealed bid, public auction, or private sale/lease requiring Legislative Council approval. All

properties must be sold to the highest bidder.

Proposed Charter: Town-owned real property can be disposed of by public auction, or private sale/lease requiring Legislative Council approval. The Legislative Council may authorize the sale of the property based, in part, on a potential buyer's binding commitment to use the property for a specific purpose.
