Good Morning Rob:  
Merry Christmas and Happy New Year.  
I have been thinking of the Police Commission's last meeting on 12/16/14 where you presented your proposal for a new location for the Hook and Ladder station on Church Hill Road. Rob, as you recall there was considerable concern on the Commission's part regarding the impact of traffic on the proposal and the proposal's impact on an already serious traffic and congestion situation at the intersections of Main St. and Church Hill Road. As a result the Commission delayed a decision until a traffic study was completed and submitted to the Commission.  
We will be carrying your proposal as a piece of unfinished business until you submit said study and I encourage you to do so in a timely manner.  
Can you advise as to when you believe you will submit the traffic study for our review and consideration?

Paul Mangiafico  
Chairman, Police Commission
