The restoration will cover the B, C, D and E wings and the replacement roofs will be over the pool and a small portion over the front lobby. Replaced areas will have a 30 year warranty and the restoration areas will have a 10 year warranty.

Mr. Faiella remarked that the roof was replaced in 1996 and is coming up on its original life span but because they have been maintained the roof very well it is possible to extend the life of the roof for another 10 years saving a substantial amount of money by not having to remove equipment, rent cranes etc.

Section 1. The sum of \$1,402,500 is a special appropriation made pursuant to Chapter 6, Section 6-30 (a), (b) and (c) of the Town Charter of the Town of Newtown (the "Town") for the planning, design, construction and reconstruction of improvements to the Newtown High School roof, including, but not limited to, restoration and/or replacement of the roof; seam stripping and replacement, re-pitching, power washing, urethane coating, and waterproofing of brick wall area, as authorized in the Capital Improvement Plan (2016-17 to 2020-2021) and for architect and engineer's fees, administrative, financing, legal and costs of issuance related thereto (collectively, the "Project"), said appropriation to be inclusive of any and all State and Federal grants-in-aid thereof.

Section 2. To meet said appropriation, \$1,402,500 bonds of the Town, or so much thereof as shall be necessary for such purpose, shall be issued, maturing not later than the maximum maturity permitted by the General Statutes of the State of Connecticut, as amended from time to time (the "Connecticut General Statutes"). The bonds may be issued in one or more series as determined by the Financial Director, and the amount of bonds of each series to be issued shall be fixed by the Financial Director, in the amount necessary to meet the Town's share of the cost of the Project determined after considering the estimated amount of State and Federal grants-in-aid of the Project, or the actual amount thereof if this be ascertainable, and the anticipated times of the receipt of the proceeds thereof, provided that the total amount of bonds to be issued shall not be less than an amount which will provide funds sufficient with other funds available for such purpose to pay the principal of and the interest on all temporary borrowings in anticipation of the receipt of the proceeds of the bonds outstanding at the time of the issuance thereof, and to pay for the costs of issuance of such bonds. The aggregate principal amount of the bonds of each series to be issued, the annual installments of principal, redemption provisions, if any, the date, time of issue and sale and other terms, details and particulars of such bonds including approval of the rate or rates of interest shall be determined by the First Selectman and the Financial Director, in accordance with the Connecticut General Statutes.

The net interest cost on such notes, including renewals thereof, and the expense of preparing, issuing and marketing them, to the extent paid from the proceeds of such renewals or said bonds, shall be included as a cost of the Project. Upon the sale of the bonds, the proceeds thereof, to the extent required, shall be applied forthwith to the payment of the principal of and the interest on any such notes then outstanding or shall be deposited with a bank or trust company in trust for such purpose.
