

Approved June 28, 2004

MINUTES

Selectwoman Creighton and Selectman Gould perambulated the North Hampton-Rye Town line with Selectmen John Moynahan and Priscilla Jenness on June 15, 2004.

The perambulation commenced at 10:15 AM at the monument marking the Northwestern corner of North Hampton and proceeded, following a hand drawn map prepared by Rye Selectman Moynahan from monument to monument, finally ending at the Eastern-most monument located just off Route 1A. During the perambulation, it was noted that several monuments were in need of repair and several others (including a "Large Birch Tree") could not be found.

There was discussion about the need to have a survey performed and to locate monuments we could not find. We also discussed the need to either repair existing monuments or install new ones. No agreements were reached. No votes were taken.

Selectman Moynahan is to prepare a more detailed report and submit it to North Hampton for its records.

The perambulation was adjourned at approximately 12:30 PM.
