14-4439 0905 POLICE, PARKING COMPLAINT Warning Issued

Location/Address: NO PARKING AREA AT INTER OF SEA AND OCEAN BLVD - OCEAN BLVD + SEA RD
While observing parking/traffic activity on Ocean Blvd I came upon a Semi-Tractor (Flatbed) with a load of rolled grass on it parked on the corner of Sea Road well within the 15 foot limit, and in a very well marked No Parking Zone. I then observed a fork lift traveling in North in the South bound lane with a pallet of turf. This vehicle then turned into a driveway on Ocean Blvd where it was delivering this turf. Also there were four other vehicles, two with trailers marked with Rainscape Lawn Sprinkler Systems lined in the breakdown, next to a number of No Parking Signs. I did take a number of photos and they will be retained with our records. I spoke with Steve Donohoe of Tuckahoe Turf at 0930 hours who told me that it was the Home Owner's responsibility to schedule a detail, and Steve did not seem very interested at all that his driver had committed a number of Motor Vehicle Violations with the truck being in a no parking area, and the the fork lift being operated on a state highway in the wrong lane, and with no registration(s). Based on Steve's response I told him that a detail would be required before vehicles could be parked by his company the way they were, and if I found the semi parked as hazardously as it was today it would be towed by National Wrecker. I also spoke with the representatives of Rainscape on scene and relayed the same information, and left a message with Rainscape about the need for a Detail on their business phone.

Location/Address: SEA RD

Vehicle: WHI 2007 ISU TK NPR Reg: PASS NH 2415547

Operator: BERNIER, LUCAS C EXETER, NH 03833

Owner: DEMARCO, ROBERT A EXETER, NH 03833

Observed a landscape truck with trailer parked within the travel lane on Sea Road facing west by intersection of Atlantic Avenue next to the sidewalk. In the drivers seat was employee identified as LUCAS BERNIER. I advised him and two other employees of Summerwind Property Maintenance that they can't park within the roadway. BERNIER disputed it, and referenced Hampton. I told him he was not in Hampton, he was in North Hampton. He continued to dispute it so I parked and spoke with him to explain. Further down the road, another illegally parked landscape truck from the same company was parked by a No Parking sign and facing the wrong direction. While I was speaking with BERNIER, the driver of the other vehicle walked up to me and began to dispute the parking issue. The employee identified himself to me as the "supervisor" and asked me about four times where they can park and claims whenever they ask the question they are never told where they can park, and each time I told the "supervisor" they could park in their clients driveways. The "supervisor" told me they won't fit, and I suggested that they maybe use a smaller truck for some of the more difficult contracts that have limited parking. I had to tell the "supervisor" to walk away from me and get out of the road while I speak with BERNIER and I will meet after at the other vehicle. The "supervisor" walked away and returned to the other vehicle and drove off. I finished up explaining to BERNIER and the other two employees. I also suggested that maybe their client could speak to his neighbors to see if landscape trucks could use their property for parking. They asked about parking at the State Beach, and I told them that the metered spots are enforced by the State so if they park there they are subject to enforcement by the State, and some spaces are resident permit only and they cannot park in a resident permit only spot(s) or they would be subject to a \$100 fine for each spot they take up.
