Barnes called to report suspicious activity that occurred at 1745 hours yesterday. Barnes reported that a female driver, operating NH CREEM, a black 4d Mercedes, pulled into her lane and stopped in front of her vehicle. Barnes advised that the vehicle had its high beams on and was parked in front of her vehicle for 25-30 seconds. Barnes stated that the vehicle then pulled up alongside her vehicle, the driver put the window down and made a motion with her hand to slow down. Barnes advised that later, she discovered that she had her high beams on. Barnes stated that although she may have been in the wrong about having her high beams on, the other driver was excessive in her actions and wanted the person spoken to. I called dispatch and ran the registration, which came back not on file. Barnes stated that she did not want to pursue this any further.
