Caller stated he was driving east bound on Exeter Rd approaching the intersection of Post Rd behind a Honda Element with NH plate (All-IN). He stated that an occupant of the vehicle littered on the side of the road. He described the items as a small McDonald restaurant bag and a plastic bottle. The vehicle was last seen heading north on Rt1. I requested a stop and identified on this vehicle with dispatch. Rye PD located the vehicle in the parking lot of Rye Elementary School. I responded to the location and made contact with Amanda St. Germanine who stated that she was taking her kids to school. I questioned her about the littering incident. Amanda stated that she didn't throw any trash on the road, she advised that the caller probably got confused because she drove over a plastic bottle that was on the road and kicked it to the side of the road with her tires, she then stated that maybe the caller thought that she was littering when she wasn't. I contacted the caller and advised him that we made contact with the suspect vehicle. The caller advised that he was happy that we spoke to her but will not do a statement. I spoke with Amanda and advised that the matter was closed. Amanda was upset at the situation and advised that the caller should apologize to her. I advised her that I was just doing my job and the caller was just trying to help by preventing any littering.

NHFD called and reported that a 10-2 raccoon was on the north bound lane of Lafayette Rd. They asked us to check on the raccoon to see if it is the same raccoon that bit a female subject on 02/06/09 at Shel-Al Mobil Estates. I located the raccoon in the area of the intersection of Hobbs and Rt1. It was hit by a vehicle and his head was damaged. I contacted NH Fish & Game and inquire on testing the animal for rabies. Fish & Game Officer Marsten contacted The Department of Health and Human Services and inquire if the raccoon should be tested. NH-DHHS advised that they will not test the raccoon because there is no way to prove that it was the same raccoon that attacked the victim. NH-DHHS requested the name and phone number of the victim to make sure she started a treatment for rabies. I contacted the victim who confirmed that she already started a treatment. Division 6 was notified of the 10-2 raccoon location to be removed.
